April 1, 2022

Dear Fellow Shareholder:

We are pleased to invite you to our 8th annual meeting of shareholders to be held on May 12, 2022 at the Montréal Marriott Château Champlain Hotel. As a result of the COVID-19 pandemic, we ask that shareholders follow the current instructions and recommendations of provincial and local health authorities when considering attending the meeting. While it is not known what the situation with COVID-19 will be on the date of the meeting, we will adhere to all government and public health authority recommendations and restrictions in order to support efforts to reduce the impact and spread of COVID-19. We encourage you to vote your shares prior to the meeting. All public health protocols will be followed to ensure the safety of in-person attendees including enforcing applicable capacity, physical distancing, masking and vaccine mandates. Any changes or restrictions to the meeting format will be made available on the Corporation's website at <https://osiskogr.com/en/2022-agm/>. For more information about how to attend, ask questions and vote at the meeting, see the management information circular.

This was another strong year for Osisko. We met the forecasted annual guidance by earning 80,000 gold equivalent ounces ("GEOs") for 2021 at a 97% cash margin from our royalties and streams (excluding Renard diamond stream). Our asset base continued to provide meaningful catalysts, with our operating partners unlocking value on a number of fronts. The Canadian Malartic Partnership approved the Odyssey underground project, extending production from our flagship Canadian Malartic asset until at least 2039. Mantos Copper largely completed the Concentrator Debottlenecking project, setting the stage for increasing silver production, and announced a merger with Capstone Mining, which will increase visibility on the mine in a public vehicle. Victoria Gold progressed its mine ramp up and announced "Project 250" to increase gold production further. Diamond prices increased substantially in 2021, which should enable the restart of the Renard stream in the near term.

Several of our development assets took meaningful strides towards financing decisions and production. 2022 should bring new technical studies on key assets including Cariboo, Windfall, Back Forty, Casino, Hermosa, Pine Point and Copperwood, among others. We also saw many of our assets end up in larger, better-capitalized companies and we expect this trend to continue given the quality of our portfolio.

In February 2022, we provided 2022 guidance of between 90,000 and 95,000 gold equivalent ounces ("GEOs"), which includes a significant increase in expected GEOs of between 10,000 to 15,000 GEOs over GEOs received in 2021. In addition, we provided an inaugural 5-year growth outlook of between 130,000 and 140,000 GEOs in 2026 to highlight the organic growth potential of the company.

We were also able to add quality external growth to our portfolio through the acquisition of gold royalties on the Spring Valley project, Tocantinzinho project, and the West Kenya project, among others.

During our meeting, we will ask you to receive the financial statements of Osisko and to approve the resolutions put forward by your Board of Directors and the management team, including:

1. The election of 9 candidates to our Board of Directors;
2. The appointment of PricewaterhouseCoopers LLP as the Corporation's independent auditor for 2022;
3. The approval of amendments to the Deferred Share Unit Plan and approval of the unallocated rights and entitlements under the plan; and
4. We will also ask you to confirm our approach to our Executive Compensation Program, which has been established to attract and retain a team to execute our value creation strategy and deliver returns in a highly competitive market.

We invite you to review our attached management information circular, which provides you with background information on the matters that will be addressed at the meeting and details information on how to attend the annual meeting and how to vote.

If you have comments or questions about Osisko, you may contact me directly at (Chair-Board@osiskogr.com) or you may contact our Investor Relations Group at (info@osiskogr.com). We would be pleased to respond to your comments or queries.

We thank you for your ongoing support and confidence as we continue to build shareholder value at Osisko Gold Royalties Ltd.

Respectfully,

Sean Roosen
Executive Chair of the Board of Directors

IMPORTANT

It is desirable that as many Common Shares as possible be represented at the Meeting. As always, we encourage shareholders to vote their shares prior to the proxy voting deadline even if you expect to attend the Meeting. If you do not expect to attend the Meeting or any adjournment thereof in person, and would like your Common Shares represented, please date, sign and return the enclosed form of proxy for use at the Meeting or any adjournment thereof. To be effective, the proxy must be received by the Corporation’s transfer agent, TSX Trust Company, by email at: proxyvote@tmx.com, by mail: 2001 Robert-Bourassa Blvd., Suite 1600, Montréal, Québec, H3A 2A6; or by fax to 1 (866) 781-3111 (North American Toll Free) no later than 1:00 p.m. (Eastern Daylight Time) on May, 10, 2022 or 48 hours (other than a Saturday, Sunday or holiday) prior to the time to which the Meeting may be adjourned. Notwithstanding the foregoing, the chair of the Meeting has the discretion to accept proxies received after such deadline. Shareholders who hold their shares through a bank, broker or other intermediary should refer to “Beneficial Shareholders” below.

MANAGEMENT INFORMATION CIRCULAR

This management information circular (the “**Circular**”) is provided in connection with the solicitation of proxies by the management of Osisko Gold Royalties Ltd (the “**Corporation**” or “**Osisko**”) for use at the annual meeting of the shareholders of the Corporation (the “**Shareholders**”) to be held on May 12, 2022 at 1:00 PM (Eastern Daylight Time) (the “**Meeting**”) and at every adjournment thereof. Except where otherwise indicated, this Circular contains information as of the close of business on March 22, 2022 and all currency amounts are shown in Canadian dollars.

PROXY MATTERS AND VOTING INFORMATION

Solicitation of Proxies

The enclosed proxy is being solicited by the management of the Corporation. Solicitation will be primarily by mail but proxies may also be solicited by telephone, or personally by directors, officers or employees of the Corporation. In addition, the Corporation has retained the services of Laurel Hill Advisory Group (“**Laurel Hill**”) to provide the following services in connection with the Meeting: review and analysis of the Circular, recommending corporate governance best practices where applicable, liaising with proxy advisory firms, developing and implementing shareholder proxies, assisting with voting and the solicitation of proxies including contacting Shareholders by telephone. For these services, Laurel Hill will receive a fee of \$37,500, plus reasonable out-of-pocket expenses. The Corporation will bear all expenses in connection with the solicitation of proxies. In addition, the Corporation shall, upon request, reimburse brokerage firms and other custodians for their reasonable expenses in forwarding proxies and related material to beneficial owners of Common Shares.

Appointment of Proxy

The persons named in the enclosed form of proxy are executive officers of the Corporation. **A Shareholder has the right to appoint a person, who need not be a Shareholder of the Corporation, other than the persons designated in the accompanying form of proxy, to attend and act on his or her behalf at the Meeting. To exercise this right, a Shareholder may insert such other person’s name in the blank space provided in the accompanying form of proxy or complete another appropriate form of proxy.**

Revocability of Proxy

A proxy given pursuant to this solicitation may be revoked by an instrument in writing executed by the Shareholder or by the Shareholder’s attorney authorized in writing and delivered either to TSX Trust Company (“**TSX Trust**”) at 2001 Robert-Bourassa Blvd., Suite 1600, Montréal, Québec, H3A 2A6, or by fax to 1 (866) 781-3111, no later than 1:00 PM (Eastern Daylight Time) on Tuesday, May 10, 2022 or at any time up to and including the last business day preceding the day of any adjournment of the Meeting at which the proxy is to be used, or to the Chair or Secretary of such Meeting on the day of the Meeting or any adjournment thereof, or by any other manner permitted by law. Any proxy given by a registered Shareholder can also be revoked by the Shareholder if he or she so requests. If a registered Shareholder follows the process for attending and voting at the Meeting online, voting at the Meeting online will also revoke your previous proxy.

Beneficial Shareholders (as defined herein) will have different methods and should carefully follow the instructions provided to them from their intermediary.

Beneficial Shareholders

A beneficial Shareholder is a Shareholder whose shares are registered in the name of a representative, such as an investment dealer or another intermediary (collectively, “**Intermediaries**”), rather than in the Shareholder’s name (“**Beneficial Shareholder**”). Most of the Corporation’s Shareholders are Beneficial Shareholders.

In accordance with Canadian securities legislation, the Meeting materials are being sent to both registered and Beneficial Shareholders. There are two types of Beneficial Shareholders - Shareholders who have objected to the disclosure of their identities and share positions (“**OBO’s**”) and Shareholders who do not object to the Corporation knowing who they are (“**NOBO’s**”).

In the case of NOBO's, Meeting materials have either (a) been sent by the Corporation (or its agent) directly to NOBO's, or (b) been sent by the Corporation (or its agent) to intermediaries holding on behalf of NOBO's for distribution to such shareholder. If you are a NOBO and the Corporation (or its agent) has sent the Meeting materials directly to you, your personal information has been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions.

As it relates to OBO's, the Corporation intends to pay Intermediaries to send proxy-related materials and voting instruction forms to OBO's. Most intermediaries delegate responsibility for obtaining voting instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge mails a voting instruction form ("**VIF**") in lieu of a form of proxy provided by Osisko. For your Common Shares to be voted, you must follow the instructions on the VIF that is provided to you. You can complete the VIF by: (i) calling the phone number listed thereon; (ii) mailing the completed VIF in the envelope provided; or (iii) using the internet at www.proxyvote.com.

Voting Information

Common Shares represented by properly executed proxies in favour of the persons designated in the enclosed form of proxy will be voted or withheld from voting on any ballot that may be called for and, if the Shareholder specifies a choice in respect of the matters to be voted upon, the Common Shares shall be voted or withheld from voting in accordance with the specification made by the Shareholder. **If no specification is made, such Common Shares will be voted FOR all of the following agenda items: (i) the election of each of the proposed nominees as directors of the Corporation for the ensuing year; (ii) the appointment of PricewaterhouseCoopers LLP as independent auditor of the Corporation and the fixing of its remuneration by the directors; (iii) the adoption by an ordinary resolution to approve amendments to the Deferred Share Unit Plan and approve the unallocated rights and entitlements under the plan; and (iv) the adoption of an advisory resolution supporting Osisko's approach to executive compensation. These Items are further described and discussed in the Circular.**

The enclosed proxy confers discretionary authority upon the persons named therein to vote as he or she sees fit with respect to amendments or variations to matters identified in the notice relating to the Meeting and other matters which may properly come before the Meeting. At the date of this Circular, the management of the Corporation is not aware that any such amendments, variations, or other matters are to be presented for action at the Meeting.

Registered Shareholders and duly appointed proxyholders will be able to attend, participate and vote at the Meeting and vote in real time, provided they are connected to the internet and follow the instructions below. However, voting by proxy is the easiest way to vote because you can appoint anyone to be your proxyholder to attend the Meeting and vote your Common Shares according to your instructions. This person does not need to be a shareholder.

Completed and signed proxies must be deposited at the office of the Corporation's registrar and transfer agent, TSX Trust Company, 2001 Robert-Bourassa Blvd., Suite 1600, Montréal, Québec, H3A 2A6, and must be received not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the Chair of the Meeting elects to exercise his discretion to accept proxies received subsequently. Telephone voting can be completed at 1 (888) 489-7352. Internet voting can be completed at www.tsxtrust.com/vote-proxy. Alternatively, you may fax your proxy to 1 (416) 368-2502 or toll free in Canada and the United States to 1 (866) 781-3111, or scan and email to proxyvote@tmx.com. Beneficial Shareholders will have different voting methods and are encouraged to carefully follow the instructions provided on the VIF.

If you are a Beneficial Shareholder and are unable to attend the Meeting, but wish that your voting rights be exercised on your behalf by a proxyholder, you must follow the voting instructions on the VIF. If you are a Beneficial Shareholder and wish to exercise your voting rights at the Meeting, you must indicate your own name in the space provided for such purpose on the VIF in order to appoint yourself as proxyholder and follow the instructions therein with respect to the execution and transmission of the document. If you have any questions with respect to the foregoing or need help with voting, we invite you to contact Laurel Hill by calling toll-free 1 (877) 452-7184 if you are in North America, or 1 (416) 304-0211 if you are outside North America, or by emailing at assistance@laurelhill.com.

Voting Results

Following the Meeting of Shareholders, a report on the voting results will be filed with the Canadian securities regulatory authorities at www.sedar.com.

NOTICE-AND-ACCESS RULES

The Corporation has elected to use the notice-and-access provisions under Regulation 51-102 – *Continuous Disclosure Obligations* (“**Regulation 51-102**”) and Regulation 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* (“**Regulation 54-101**”, and together with Regulation 51-102, the “**Notice-and-Access Provisions**”) for the Meeting. The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that allows issuers to post electronic versions of proxy-related materials online, via the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) and one other website, rather than mailing paper copies of such materials to Shareholders.

Instead of receiving this Circular, Shareholders will receive a Notice of Meeting with the proxy or voting instruction form, as the case may be, along with instructions on how to access the Meeting materials online. The Corporation will send the Notice of Meeting and proxy form directly to registered Shareholders and NOBOs. The Corporation will pay for intermediaries to deliver the Notice of Meeting, voting instruction form and other Meeting materials requested by OBOs. This Circular and other relevant materials are available on the Corporation’s corporate Internet website (<http://www.osiskogr.com/en/2022-agm/>) or on SEDAR (www.sedar.com).

Objecting Beneficial Shareholders may request a paper copy of the Meeting materials, at no cost, from Broadridge Investor Communications Corporation by calling toll-free 1 (877) 907-7643 and entering the 16-digit control number located on the voting instruction form or via internet at www.proxyvote.com by using the 16-digit control number located in the voting instruction form. To ensure that you receive the materials in advance of the voting deadline and the Meeting, all requests must be received no later than May 10, 2022 to ensure timely receipt. Requests for Meeting materials may be made up to one year from the date the Circular is filed on SEDAR.

If you are a registered Shareholder or a NOBO and wish to receive a copy of this Circular or need help with voting, we invite you to contact Laurel Hill by calling toll-free 1 (877) 452-7184 if you are in North America, or 1 (416) 304-0211 if you are outside North America, or by emailing your request to assistance@laurelhill.com.

The Corporation will not use procedures known as ‘stratification’ in relation to the use of Notice-and-Access Provisions. Stratification occurs when an issuer using Notice-and-Access Provisions sends a paper copy of the Circular to some Shareholders with a Notice Package.

If you request a paper copy of the materials, please take note that no additional proxy form or voting instruction form shall be sent to you. Therefore, please make sure that you retain the form that you received with the Notice of Meeting for voting purposes.

VOTING SECURITIES

As of March 22, 2022, 166,246,261 Common Shares of the Corporation were outstanding. Holders of Common Shares of record at the close of business on March 22, 2022 (the “**Record Date**”) will be entitled to one vote for each such Common Share held by them.

ELECTION OF DIRECTORS

The executive management team (the "**Management**") of the Corporation is supervised by the board of directors (the "**Board of Directors**" or "**Board**") as per the *Business Corporations Act* (Québec). The members of the Board are elected annually at each annual meeting of Shareholders to hold office until the next annual meeting unless, prior thereto, he or she resigns, or the office of such director becomes vacant by death, removal, or other cause. The articles of incorporation of the Corporation provide that our Board shall consist of a minimum of three (3) and a maximum of fifteen (15) directors. Accordingly, nine (9) nominees are being proposed as directors for election by the Shareholders at the Meeting for the current year, each to hold office until the next annual meeting of Shareholders or until such person's successor is elected or appointed. You can vote for all of these proposed directors, vote for some of them and withhold for others, or withhold for all of them.

Mr. Christopher C. Curfman has decided not to stand for re-election at the Meeting. As such, he is not part of the nominees that are being proposed as directors for election by the Shareholders at the Meeting for the ensuing year.

The members of the Board of Directors would like to express their appreciation to Mr. Curfman for his contribution over the years and also wish to extend to him their gratitude for the services during his mandate as directors of the Corporation.

The following tables set out information about each nominee director's summary career profile, their board committee memberships (the "**Board Committee Membership**" or "**Board Committee**"), meeting attendance during the most recently completed financial year, principal directorships with other reporting issuers as well as other public and parapublic corporations on whose boards the nominees currently serve or have served in the past five years, areas of expertise and the number of securities they hold, either in the form of Common Shares, stock options ("**options**"), deferred share units ("**DSUs**"), restricted share units ("**RSUs**"), or debentures of the Corporation.

Unless otherwise directed, the persons named in the enclosed proxy form intend to VOTE FOR the election of each of the proposed nominees whose names are set out below. The proposal requires the approval of a majority of the votes cast at the Meeting.

Each of the nominees has provided the information as to the Common Shares of the Corporation he or she beneficially owns or over which he or she exercises control or direction, as at March 22, 2022. All nominees have served continuously as director of the Corporation since their appointment or first election in such capacity.

The Corporation has adopted a majority voting policy, which is further described in the Circular under the heading “**Statement of Corporate Governance Practices - Majority Voting and Director Resignation Policy for Election of Directors**”.

The Board of Directors makes fixed value DSU grants to non-executive directors. The Board of Directors adopted the DSU plan (the “**DSU Plan**”), which is further described below under the heading “**Deferred Share Unit Plan**”, and elected to fix an annual value to such grant at approximately \$120,000 for the non-executive Board members and approximately \$180,000 for the lead director (“**Lead Director**”). Furthermore, each new non-executive director is granted an initial one-time grant having a value of approximately \$200,000. The Lead Director is granted an initial one-time grant having a value of approximately \$300,000. Such initial DSU grants (the “**Initial DSU Grants**”) are consistent with the practice of welcoming new non-executive Board members by making an initial long-term incentive award. With respect to the annual grant of DSUs to a non-executive director in the year following the receipt of the Initial DSU Grant, such annual grant is pro-rated to take into account that the Initial DSU Grant shall cover an initial period of twelve (12) months.

All annual and initial DSU grants, as well as annual retainers and attendance fees paid to non-executive directors are described below:

	RETAINERS AND FEES (\$)

Non-executive director of the Board	40,000

NOTE:

(1) With respect to the annual grant of DSUs to a non-executive director in the year following the receipt of the Initial DSU Grant, such annual grant is pro-rated to take into account that the Initial DSU Grant shall cover an initial period of twelve (12) months.

The Board approved a change to the non-executive director’s compensation as a result of a change to the DSU Plan on April 1, 2022. As per such change, which reduced the annual DSU grant to the Lead Director to \$150,000 yearly (a decrease from \$180,000), the total cash retainer of the Lead Director was increased by \$30,000 to \$130,000 so there was no change to total annual compensation. The amendments to the DSU Plan are further discussed under the heading “**APPROVAL OF AMENDMENTS TO THE DEFERRED SHARE UNIT PLAN AND APPROVAL OF THE UNALLOCATED RIGHTS AND ENTITLEMENTS UNDER THE PLAN**”.

Deferred Share Unit Plan

The Corporation's DSU Plan, which is in effect since the date of its assent, April 30, 2014, was adopted to enhance the Corporation's ability to attract and retain talented individuals to serve as members of the Board of Directors or as officers of the Corporation and its subsidiaries and to promote alignment of interests between such individuals and Shareholders of the Corporation. On April 1, 2022, the Board of Directors approved amendments to the Corporation's DSU Plan (the "**Amended DSU Plan**") pursuant to which, grants of DSUs to each non-executive director are now limited to a maximum value of \$150,000 per year; for greater certainty, non-executive directors are not entitled to option grants.

The number of DSUs credited to a director's account is calculated on the basis of the closing price of the Common Shares of the Corporation traded on the TSX on the day prior to the date of grant. Additional DSUs will automatically be granted to each participant whenever dividends are paid on the Common Shares of the Corporation.

As at December 31, 2021, the aggregate value of DSUs held by the Corporation's non-executive directors was \$5,823,622.

Succession Planning

The Committee regularly meets the Management of the Corporation. During these meetings, the members of the HR Committee have the opportunity to evaluate potential successors to senior Management. In addition, the HR Committee monitors training and development programs of Management.

COMPENSATION DISCUSSION AND ANALYSIS

The compensation philosophy of the Corporation is based on providing a highly competitive base salary, along with short and long-term incentives that payout on the achievements of key performance and strategic goals, which will create value for Shareholders and other stakeholders over the long-term.

The year 2021 marked the first full year of Mr. Sandeep Singh's role as President and Chief Executive Officer of the Corporation. Mr. Singh had been appointed at the end of 2019 as President of Osisko. He works closely with a rejuvenated executive team that saw a number of changes in 2020 and 2021, including departures and transfers of executives to Osisko Development as well as hiring and internal promotions.

In November 2020, Osisko completed a spin out of its mining assets to Osisko Development, which is a public company trading on the TSX Venture Exchange. As of December 31, 2021, the Corporation held 75.1% of Osisko Development.

Accordingly, despite the fact that the compensation of the executive officers of Osisko Development is reviewed by the human resource committee and approved by the board of directors of Osisko Development, it remains a subsidiary of the Corporation and the compensation of certain of the executives of Osisko Development must be included in this Circular as per applicable regulatory requirements.

Notwithstanding the foregoing and in order to provide a more relevant overview of the actual compensation attributable to the Corporation, Osisko is also disclosing the compensation of two additional executives, including an executive of its wholly owned subsidiary Osisko Bermuda Limited ("**OBL**").

Based on the foregoing, for purposes of this Circular, named executives ("**Named Executives**") of the Corporation means, at any time during the most recently completed financial year:

- (i) The Corporation's president and chief executive officer;
- (ii) The Corporation's chief financial officer and vice president, finance; and
- (iii) The three (3) most highly compensated executive officers of the Corporation, including its subsidiaries, other than the chief executive officer and chief financial officer at the end of the most recently completed financial year whose total compensation was more than \$150,000 for that financial year; and
- (iv) Two additional executives of the Corporation (including an executive of its wholly owned subsidiary).

Accordingly, during the Corporation's fiscal year ended December 31, 2021, the following individuals were Named Executives of the Corporation and its wholly-owned subsidiary:

- Sean Roosen, Executive Chair of Osisko
- Sandeep Singh, President and Chief Executive Officer of Osisko
- Frédéric Ruel, Chief Financial Officer and Vice President, Finance of Osisko
- Andre Le Bel, Vice President Legal Affairs and Corporate Secretary of Osisko
- Michael Spencer, Managing Director of OBL

Executives of Osisko Development:

- Sean Roosen, in his capacity as Chair and Chief Executive Officer of Osisko Development
- Chris Lodder, President of Osisko Development
- Luc Lessard, Chief Operating Officer of Osisko Development

For the purpose of the following disclosure on compensation and except as otherwise noted:

- **“OR Named Executives”** will refer exclusively to Messrs. Roosen (in his capacity as Executive Chair of the Board of the Corporation), Singh, Ruel and Le Bel;
- **“OBL Named Executive”** will refer exclusively to Mr. Spencer;
- **“ODV Named Executives”** will refer exclusively to Messrs. Roosen (in his capacity as Chair and Chief Executive Officer of Osisko Development), Lodder and Lessard; and
- **“Named Executives”** will refer to the seven individuals referred to above.

For more information on the compensation of Messrs. Roosen (in his capacity as Chair and Chief Executive Officer), Lodder and Lessard, we refer you to the management information circular of Osisko Development dated March 24, 2022 filed on SEDAR at www.sedar.com (“**ODV Circular**”).

Osisko:

In establishing the compensation programs for the OR Named Executives, the HR Committee monitors compensation trends within the mining industry and seeks input from external advisors as required and may also conduct comparative studies. The HR Committee also monitors Shareholders’ feedback on compensation, including the results of the annual advisory vote on compensation received from Shareholders. One of the key responsibilities of the HR Committee is to ensure that such compensation will allow the Corporation to attract and retain senior individuals to develop and execute the strategic plan of the Corporation to maximize Shareholder value.

The HR Committee monitors and reviews the inherent risks related to the compensation program. To date, the Corporation has generally been able to attract and retain Management talent to develop and execute its value creation plan.

The Corporation advocates a team approach for the short and long-term incentive compensation of the OR Named Executives given the small nature of the team and the transactional nature of the Corporation’s business model. Performance monitoring of Named Executives since 2014 has confirmed the validity of this approach. Based on the recommendation of the HR Committee, the Board of Directors approves the corporate objectives for OR Named Executives of the Corporation.

2021 was Mr. Singh’s first full year as the President and CEO of Osisko and his target compensation was deemed to be appropriate in this capacity at the time of his promotion. In February 2021, the HR Committee decided that no compensation adjustments would be made to the target compensation of the OR Named Executives, other than Mr. Roosen, as noted below.

OBL:

Given the size of OBL, it does not have a human resource committee; all matters relating to the company are managed by the OBL board of directors. The OBL board approves all hiring and compensation matters.

Osisko Development:

The human resource committee of Osisko Development assumes for the executives of Osisko Development, the same function as the HR Committee of the Corporation. The human resource committee may also hire and retain, from time to time, the services of external consultants, at its discretion. The human resource committee also reviews various senior management development programs, as well as a succession plan for key positions at Osisko Development.

Note on Executive Chair Compensation

With regards to the compensation of Mr. Roosen, the human resources committees of each of the Corporation and Osisko Development (the “**Committees**”) acted jointly in the second quarter of 2021 to determine the respective compensation of Mr. Roosen as Chief Executive Officer and Chair of Osisko Development, and Executive Chair of the Corporation.

The Committees, with the assistance of Hugessen, discussed and evaluated the guiding compensation principles based on his responsibilities and commitment to both entities. They considered the unique circumstances and range of roles encompassed by the title of Executive Chair of the Corporation and Chief Executive Officer and Chair of Osisko Development, and recognized that these roles are not as readily benchmarked in the typical manner given their more strategic responsibilities.

In addition, the Committees reviewed the long-term and short-term compensation benefits, discussed Mr. Roosen’s pay target as Executive Chair of the Corporation and reviewed benchmarking of pay components of the following peer group of companies: Alamos Gold Inc., Centerra Gold Inc., Eldorado Gold Corporation, Hudbay Minerals Inc., IAMGOLD Corporation, Lundin Gold Inc., Maverix Metals Inc., Pretium Resources Inc., Royal Gold, Inc., Sandstorm Gold Ltd., SSR Mining Inc. and Wesdome Gold Mines Ltd.

The Committees concluded that it was appropriate to adjust the target compensation of Mr. Roosen, including his base salary and long-term compensation. Historically, Mr. Roosen’s long-term compensation at Osisko was reduced by an amount equal to that received from investee companies for non-executive directorship roles. Reflecting his new roles, Mr. Roosen’s base salary was set as follows:

- as Chair and Executive Officer of Osisko Development, his base salary was set at \$525,000; and
- as Executive Chair of the Corporation, his base salary was set at \$400,000 as reflected in the **Summary Compensation Table**.

Independent Compensation Consultants

The HR Committee receives detailed compensation analysis from Management on various companies from the mining sector in order to ensure the continued market competitiveness of the compensation of the OR Named Executives. In the second quarter of 2021, the HR Committee mandated Hugessen to conduct a review and analysis of the Executive Chair’s compensation.

2021 Compensation Advisory Fees

The following table summarizes compensation consultant advisory fees related to OR Named Executives incurred by the Corporation in 2021 and in 2020:

	Fees incurred in 2021 (\$)	Fees incurred in 2020 (\$)
Hugessen Consulting Inc. Compensation consulting services	32,350	144,966

Compensation Comparator Group

In order to allow the members of the HR Committee to proceed with a review of the compensation of the OR Named Executives, Management and the HR Committee’s advisor may collect compensation information from management information circulars of a number of peer companies or consult other sources of information for compensation decision-making purposes. Outlined below are the fourteen publicly-traded Canadian companies that comprise the 2021 peer group (“**Peer Group**”). The peers were selected based on criteria that included company size (market capitalisation) and industry (mining / mining royalty business). Revenue is viewed as a less directly relevant metric when comparing mining royalty to mining operating companies. For the financial year 2021, except for the purpose of reviewing the target compensation of the Executive Chair of the Corporation, the HR Committee did not use the Peer Group for executive pay decision-making (as no target pay modifications were provided to other OR Named Executives).

Compensation Policy

Osisko and OBL:

As is typical in the mining industry, the Corporation's executive compensation policy is comprised of a combination of cash, stock option grants and RSU grants to OR Named Executives and OBL Named Executive.

Components of the Compensation Program

The combination of base salaries, annual incentive, option grants and RSU grants (which are full value phantom shares, payable in cash or in Common Shares, at the Corporation's discretion, as at the end of the three-year vesting period), is intended to ensure alignment of the interest of the executive team with that of Shareholders of the Corporation by focusing on long-term growth and to attract and retain talent in a competitive employment market. Grant of options and RSUs to OR Named Executives and OBL Named Executive are made on an annual basis, at a moment deemed appropriate by the HR Committee (or, in case of the OBL Named Executive, by the OBL board of directors). Annual incentive, option grants and RSU grants (timed-based and performance-based) represent the value at risk portion of the total compensation of each OR Named Executive and OBL Named Executive.

For any grant, options vest as to one third of the total grant at each of the first three anniversaries of such grant, unless otherwise decided by the HR Committee (or, in case of the OBL Named Executive, by the OBL board of directors), as provided for in the Stock Option Plan. RSU grants are generally subject to the following vesting

terms: one half (1/2) is time-based and vests on the third anniversary of such grant while the remaining half (1/2) performance RSUs, which also vests on the third anniversary of such grant, is subject to the achievement of approved long-term objectives over a three-year period (as more thoroughly described below under the heading “**Long-Term Incentive Compensation**”). The HR Committee considers that such performance criteria improves the alignment of grant recipients with the Corporation’s Shareholders’ interests and further promotes value creation.

Options and RSUs also enable the Corporation to balance the ratio of long-term to short-term compensation to levels commensurate with mining industry and mining royalty companies and to enhance OR Named Executives’ and OBL Named Executive’s alignment with value creation for the Corporation’s Shareholders. The Stock Option Plan, RSU Plan and the DSU Plan are further described under the heading “**Long-Term Incentive Compensation**” below.

Osisko Development:

Osisko Development’s executive compensation policy is also comprised of a combination of cash, option grants and restricted share unit grants to ODV Named Executives in order to attract and retain skilled individuals to achieve the long-term strategy of Osisko Development.

Further details can be found in the ODV Circular.

Management of Compensation Risks

Osisko:

The HR Committee structures the components of the compensation program in order to generate adequate incentives to increase Shareholder value in the long-term while maintaining a balance to limit excessive risk taking.

As part of measures in place to mitigate risk related to compensation structure, the HR Committee establishes the total compensation of the OR Named Executives based on a balanced approach between fixed and variable compensation components. The use of multiple components limits the risks associated with having the focus on one specific component and provides flexibility to compensate short to medium term goals and long-term objectives in order to maximize Shareholder value.

The fixed component of the OR Named Executives' compensation is essentially composed of the base salary, which represents between 20% and 25% of their total compensation. The components forming the remaining 75% to 80% represent the "value at risk" and aim to focus on the achievement of short to long-term objectives and are composed of an annual incentive (100% performance-based on a yearly basis) and annual grants of RSUs (one half of which is performance-based over a 3-year period) and options.

The long-term compensation comprises RSUs and options. The HR Committee believes that its granting and vesting practices provide sufficient incentives to motivate the OR Named Executives in the long-term to increase the overall value of the Corporation and thereby provide an adequate alignment of their interest with those of the Shareholders.

Options granted annually vest over a three-year period and have a five-year term. The HR Committee considers that these characteristics provide sufficient incentives to motivate the OR Named Executives in the long-term to increase the overall value of the Corporation. Notwithstanding the foregoing, because of the nature of an option, market volatility may result in financial benefit, which may not be strictly related to the performance of the Corporation. In assessing the component and respective proportion of the elements forming part of the long-term compensation components, the HR Committee has established options at 40% of the long-term incentive and 60% for RSUs (half performance-based) in order to ensure that interests of the OR Named Executives are aligned with those of the Shareholders.

Within the scope of ensuring best practices, the HR Committee adopted formal securities ownership guidelines in 2015, which was revised in 2020 in order to further align the long-term interests of the OR Named Executives to those of the Shareholders. The revised guidelines provides that the calculation of the minimum shareholding be based on:

- (i) the value of the holding on the last trading day of each year; and
- (ii) with respect to RSUs, only those which are exclusively subject to time-based vesting shall be used in the determination of the minimum securities ownership.

Additional information on the securities ownership guidelines is provided under the heading "**Securities Ownership**".

Also, as part of the risks review presented to the Corporation's Audit and Risk Committee, none was related to compensation among all risks identified. As Ms. Joanne Ferstman and Mr. Pierre Labbé are both members of the Audit and Risk Committee and of the HR Committee, they bring their knowledge, experience and insight on risk issues to the HR Committee. Any identified risk related to human resources and compensation of Management are transmitted to the HR Committee which is responsible to follow-up on the implementation of the recommendations according to established priorities. The HR Committee then reports the results back to the Board of Directors.

Based on the review performed in the last financial year, no risks associated with the Corporation's compensation policies and practices that are likely to have a material adverse effect on the Corporation were identified. The HR Committee considers that the procedures and guidelines currently in place to mitigate key risks relating to compensation are adequately managed and do not encourage excessive risk taking that would likely have a material adverse effect on the Corporation. The HR Committee will continue to monitor and review the Corporation's compensation policies and practices annually to ensure that no component of the Named Executives' compensation includes value risk taking.

The compensation components are detailed below. The Corporation has not adopted any retirement plan or pension plan for its directors and officers.

OBL:

As part of measures in place to mitigate risk related to compensation structure, the OBL board of directors establishes the total compensation of the OBL Named Executive based on a balanced approach between fixed and variable compensation components. Because of the similarities between the compensation program of OBL and that of the Corporation, the Corporation considers that the OBL compensation program does not generate excessive risk taking.

Osisko Development:

The human resource committee of Osisko Development monitors and reviews the inherent risks related to the compensation program in a similar manner as does the HR Committee of the Corporation.

Base Salary

Osisko:

The base salary is the only fixed component of the compensation of the OR Named Executives. The Corporation's policy is to establish base salaries for executive officers that are competitive with relevant salaries paid to executive officers of a comparator group, while recognizing executive officers' experience, competencies and track record of accomplishments and preserving a "team approach" toward remuneration. Salary levels therefore reflect the overall corporate performance of the Corporation, comparative market data and individual performance. The salaries of the OR Named Executives are reviewed and, as applicable, adjusted yearly by the HR Committee considering the overall corporate performance of the OR Named Executives team, the comparator group metrics, and, as applicable, general market conditions and other relevant sources of information.

There was no salary increase for the OR Named Executives in 2021, with the exception of the Executive Chair, who received a salary adjustment following the review and analysis completed by compensation consultants and the members of the HR Committee.

OBL:

The base salary on the OBL Named Executive is established and paid in US dollars. It is the only fixed component of the compensation of the OBL Named Executive and it is established by the OBL board of directors with a view to be competitive, taking into consideration the executive officer's experience, competencies and track record of accomplishments. The salary of the OBL Named Executive is reviewed and, as applicable, adjusted yearly by the board of directors of OBL, taking into account the overall corporate performance of OBL and a variety of other factors including benchmarking against other entities (including the Corporation), general market conditions and other relevant sources of information.

There was no salary increase for the OBL Named Executive in 2021.

In addition to his base salary, the OBL Named Executive is entitled to:

- an annual cost of living subsidy (the "**COL Subsidy**") equal to approximately \$180,594 plus 20% of the OBL Named Executive's total cash compensation. Payment of the COL Subsidy shall be made periodically as per the residential lease agreement of the OBL Named Executive.

Osisko Development:

The disclosure made above for Osisko is applicable to Osisko Development. As noted above, the base salary of Mr. Roosen as Chair and Chief Executive Officer of Osisko Development was set at \$525,000 to take into account his new role and responsibilities and is paid by Osisko Development.

Annual Incentive Compensation

Osisko:

The HR Committee believes that long-term growth of value for Shareholders is derived from the execution of short and long-term approved strategic initiatives.

The annual incentive program for the OR Named Executives is based on their performance as a team against corporate objectives approved by the Board of Directors. Bonuses are paid in full following awards approved by the Board of Directors, based on the recommendation of the HR Committee. The target for annual incentive compensation for OR Named Executives has been contractually established at 100% of their respective base salary. However the objectives adopted in connection with the 2021 annual incentive compensation provided for hurdle rates which could result in payment ranging from 0% to a maximum of 200%, depending on the assessment of the achievement as determined by the Board of Directors, which retains full discretion in assessing such achievement. In addition, the Board may also factor in individual achievement, if warranted. **For greater certainty, annual incentive compensation does not represent a guaranteed compensation for the OR Named Executives as the determination of the performance relating to such compensation remains the sole prerogative of the Board of Directors who can decide not to pay any bonus to any OR Named Executive.**

As part of its duties and responsibilities and in conjunction with year-end assessments, the HR Committee reviews the realization of the Corporation's objectives and meet with Management to discuss and consider each element contained in the corporate objectives. The HR Committee also meets *in camera* to discuss this matter.

The Corporation's 2021 short-term key objectives (the "**2021 Key Objectives**") consist of elements included in the following four main criteria: (i) Performance; (ii) Financial; (iii) Portfolio Management; and (iv) ESG. These criteria are either quantitatively assessed or have meaningful objective criteria reviewed by the HR Committee.

The following is a summary of achievements in respect of the 2021 Key Objectives, with further details provided in the table that follows.

1. Relative Performance

In 2021, the Corporation's share price decreased by 2.4% during the year, while its Performance Index median (composed of 7 royalty companies, the S&P Global Gold Index, gold price and silver price) decreased by 6.5%. Although the Corporation outperformed its Performance Index performance by 4.1%, given that the share price declined during the year, performance was assessed at "Target" level (*i.e. 100% of the target*).

2. Financial

(a) Improving Cost Structure

For the cost metric, the objective was to manage and reduce the Corporation's general and administration ("**G&A**") costs per gold equivalent ounces ("**GEOs**") produced by 10% compared to the previous year. In 2021, these costs were reduced from \$342 per GEO to \$284 per GEO, representing a 17% decrease (or 19% on a cash only basis). This target was achieved at 200%.

(b) Balance Sheet

For the balance sheet metric, the objective was to maintain a strong balance sheet and reduce net debt. As part of this component, the Corporation repaid a \$50.0 million convertible debenture and drew the credit facility by the same amount, thereby reducing the interest rate payable by approximately 1.5% per annum and the Corporation also amended its credit facility and increased the principal amount by \$150

million to \$550 million, with an additional uncommitted accordion of up to \$100 million. This target was partially achieved at 50%.

3. Portfolio Management

Through 2021, Management focused on maximizing the value of its equity book (including monetization alternatives) and the potential restructuring of certain underperforming assets (namely the Renard and Amulsar streams). Some progress was achieved in terms of the restructuring of assets but there was no monetization of the Corporation's equity book. This criteria was achieved at 40% of target.

4. Environment, Sustainability and Governance ("ESG")

In April 2021, the Corporation delivered its inaugural ESG report and continued to improve its ESG related disclosure and communication with shareholders and stakeholders.

The Corporation improved its Sustainalytics ESG rating from 21.9 to 15.3, therefore moving from a medium to low risk company. The Corporation was also designated as a top performer in 2021 and maintained its MSCI ESG "A" rating.

In addition, the Corporation invested in a partnership with Carbon Streaming Corporation and joined the UN Global Compact. These criteria were achieved at 150% of target.

Assessment of 2021 Key Objectives by the HR Committee

The 2021 Key Objectives were approved by the Board of Directors, upon recommendation of the HR Committee. Such objectives provided for hurdle rates, which could result in payment ranging from 0% to a maximum of 200%, depending on the assessment of the achievement of approved objectives by the Management team. The HR Committee reviewed Management's assessment of the 2021 achievements against the Corporation's objectives (Management's proposed payout had also been discussed between Management and Hugessen to ensure its appropriateness), discussed with Management and Hugessen and thereafter, the HR Committee met *in camera* to discuss and consider the payout under the short-term incentive program.

The HR Committee provided its recommendation to the Board, which also deliberated with the presence of senior members of Management and approved the following assessment of the 2021 Key Objectives set forth below:

2021 Corporate Objectives	Target	Achievement
1. PERFORMANCE: Relative TSR versus Performance Index	25%	25%
2. FINANCIAL:		
(a) Cost: Manage G&A per GEO ounces produced as a measure of scalability of business	15%	30%
(b) Balance Sheet: Strengthen balance sheet by reducing net debt, manage debt ratios and debt obligations	15%	7.5%
3. PORTFOLIO MANAGEMENT: Manage existing assets (in particular equity book and high-value restructuring assets ("HRA")) and progress on other assets	25%	10%
4. ESG:		
(a) Publication of annual ESG report	20%	30%
(b) Ongoing ESG engagement and maintaining ESG Rating		
	100%	102.5%

The HR Committee also assessed the Executive Chair and the President and Chief Executive Officer's performance for 2021 and determined the respective achievements at 102.5% in keeping with the "team approach" philosophy of the Corporation.

The annual incentive award received by Messrs. Roosen, Lodder and Lessard in their capacity as Chair and Chief Executive Officer, President and Chief Operating Officer of Osisko Development, was solely determined by the board of directors and human resources committee of Osisko Development. Compensation under the short-term incentive program is discussed in the ODV Circular dated March 24, 2022.

The Board reviewed and discussed the recommendation of the HR Committee for the OR Named Executives, including for the Executive Chair and the President and Chief Executive Officer and approved the following payment of the annual incentive award to the OR Named Executives, for the financial year ended December 31, 2021, which payment takes into account the individual performance factor recommended by the HR Committee:

Named Executives	Value of the 2021 Annual Incentive Award (\$)	Value of the 2020 Annual Incentive Award⁽¹⁾ (\$)
Sean Roosen, Executive Chair of the Board	410,000	822,649
Sandeep Singh, President and Chief Executive Officer	615,000	723,000
Frédéric Ruel, Chief Financial Officer and Vice President, Finance	281,900	325,000
Andre Le Bel, Vice President, Legal Affairs and Corporate Secretary	283,025	340,657

NOTE:

(1) Compensation paid in 2020 for all OR Named Executives was determined by the HR Committee of the Corporation.

OBL:

Given the size of OBL, it does not have a human resource committee; all matters relating to the company are managed by the OBL board of directors. The board of directors of OBL approves the corporate objectives and monitors and assesses the achievement thereof through the year and at year-end. Such objectives include the following metrics: growth, portfolio management, corporate and operational efficiency, corporate responsibility and return on equity.

For 2021, the OBL board of directors concluded, after assessment of achievements made by the company, that such objective had been achieved at a rate of 105%. The OBL board of directors approved the following payment of the annual incentive award to the OBL Named Executive, for the financial year ended December 31, 2021:

Named Executives	Value of the 2021 Annual Incentive Award (\$)	Value of the 2020 Annual Incentive Award (\$)
Michael Spencer, Managing Director	205,574	247,395

Osisko Development:

The 2021 short-term objectives of Osisko Development were approved by the board of directors upon recommendation of the human resource committee. Such objectives included financial, project development and ESG-related performance metrics. The annual incentive could result in payment ranging from 0% to a maximum of 200%, depending on the assessment of the achievement of approved objectives by the management team of Osisko Development. The human resource committee monitored the progress made by management toward achieving said objectives. The human resource committee reviewed achievements against Osisko Development's objectives, discussed with management and thereafter, the human resource committee met in camera to discuss and consider the payout under the short-term incentive program.

The human resource committee provided its recommendation to the board of directors and determined that Osisko Development had achieved its 2021 short term objectives at a rate of 65% of target (including a 2.5% premium for the COVID-19 related risks).

The board of directors approved the following payment of the annual incentive award to the ODV Named Executives, for the financial year ended December 31, 2021:

Named Executives	Value of the 2021 Annual Incentive Award (\$)	Value of the 2020 Annual Incentive Award ⁽¹⁾ (\$)
Sean Roosen, Chair and Chief Executive Officer of Osisko Development	341,250	822,649
Luc Lessard, Chief Operating Officer of Osisko Development	233,450	421,770
Chris Lodder, President of Osisko Development	276,250	422,472

NOTE:

(1) Compensation paid in 2020 for all ODV Named Executives was determined by the HR Committee of the Corporation as Osisko Development was formed in November 25, 2020 and had not approved any corporate objective. The 2020 compensation shown in the table reflect the fact that all ODV Named Executives were actually employed and paid by the corporation up to December 31, 2020.

Long-term Incentive Compensation

Osisko and OBL:

The Corporation's long-term compensation program ensures the alignment of the OR Named Executives and the OBL Named Executive with Shareholders and other stakeholders in the value creation process. The long-term incentive compensation provides an effective retention measure for key senior executives. The establishment of a balance between short and long-term incentive compensation is essential for the Corporation's sustained performance, including its ability to attract, motivate and retain a pool of talented executives in a very competitive employment market. To achieve this balance and to complement the existing Stock Option Plan, the Corporation adopted an Employee Share Purchase Plan and a RSU Plan.

The targeted quantum of the long-term component of the OR Named Executives' and OBL Named Executive compensation as a percentage of their total compensation is identified below, however such percentage remains subject to a review by the HR Committee and, as applicable, the board of directors of OBL:

Named Executives	Targeted Percentage of the long-term component of Named Executives' compensation over their total compensation (%)
Executive Chair	60
President and Chief Executive Officer	58
Chief Financial Officer and Vice President, Finance	52
Vice President, Legal Affairs and Corporate Secretary	53
Managing Director, OBL	50

The Stock Option Plan, the Employee Share Purchase Plan, the RSU Plan and the DSU Plan are hereinafter collectively referred to as "**Osisko's Long-Term Incentive Plans**".

The HR Committee manages Osisko's Long-Term Incentive Plans with full authority. The HR Committee considers *ad hoc* and annual grants of options, RSUs and DSUs based on recommendations made by the Executive Chair of the Board and the President and Chief Executive Officer from time to time, for participants other than themselves. The HR Committee, in turn, considers such recommendations and, as appropriate, makes recommendations to the Board of Directors, including any awards to the Executive Chair of the Board and the President and Chief Executive Officer. In reviewing Management's recommendation relating to grants under the Long-Term Incentive Plans, the HR Committee and the Board of Directors may take into account past grants, in consideration for assuming an executive role. In the case of grants to the OBL Named Executive, the HR Committee and the Board of Directors act on the recommendation for the OBL board of directors.

Options

In 2020, the Shareholders of the Corporation re-confirmed the Stock Option Plan, which was initially approved in 2014, allowing for the grant of options to officers and employees of the Corporation and its subsidiaries, designated by the Board of Directors, at its entire discretion, to align their interest to those of Shareholders.

Options are granted by the Board of Directors based on recommendations made by the Executive Chair of the Board and the President and Chief Executive Officer from time to time (and, in the case of grants to the OBL Named Executive, on the recommendation of the OBL board of directors), except in respect of grants to themselves. The total number of options issued over the past years to an employee may be taken into consideration but does not have a material impact on the number of options to be granted to said employee, except for same year grants, if any. For 2021, except for Mr. Roosen who is the Chair and Chief Executive of Osisko Development (and is accordingly paid by Osisko Development for these duties) and Mr. Le Bel who also hold executive positions with Falco Resources Ltd. and Osisko Development (and for which the Corporation charges back his compensation to said companies), no OR Named Executive nor the OBL Named Executive assumed any executive role in any associate company.

Options may be granted at an exercise price determined by the Board but shall not be less than the closing market price of the Common Shares of the Corporation on the TSX on the day prior to their grant. No participant shall be granted an option which exceeds 4% of the issued and outstanding Common Shares of the Corporation at the time of granting of the option. The number of Common Shares issued to insiders of the Corporation within one year and issuable to the insiders of the Corporation at any time under the Stock Option Plan or combined with all other share compensation arrangements, cannot exceed 10% of the issued and outstanding Common Shares. The duration and the vesting period are determined by the Board. However, the expiry date may not exceed seven years after the date of grant. To date, all grants are set to expire five years after the date of grant, with the exception of the Initial options granted to Mr. Sandeep Singh, as part of his 2019 hiring grant, which have a term of seven (7) years.

The tables below provide additional information on the Stock Option Plan, RSU Plan and DSU Plan for the relevant financial years.

The terms and conditions of the Stock Option Plan are more specifically addressed under the heading “**Security-Based Compensation Arrangements**” below.

Restricted Share Units (RSUs)

The purpose of the RSU Plan is to assist the Corporation in attracting and retaining individuals with experience and ability, to allow certain employees of the Corporation and its subsidiaries designated at the HR Committee’s discretion, to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the employees designated under this RSU Plan and those of Shareholders.

The vesting of half of each annual RSU grant are subject to performance criteria unless otherwise determined by the HR Committee, all annual RSU grants are subject to the following vesting terms: one half (1/2) is time-based and will vest on the third anniversary of such grant; the remaining portion (1/2) will also vest on the third anniversary of such grant but is subject to performance criteria approved by the HR Committee and the Board of Directors (or, in the case of the OBL Named Executive, by the OBL board of directors). **For greater certainty, settlement of performance based RSUs granted as part of the annual long-term incentive compensation does not represent a guaranteed compensation item for the OR Named Executives or the OBL Named Executive as the determination of the performance relating to such RSU grant remains the sole prerogative of the Board of Directors (or the OBL board of directors, as applicable).** It should be noted that, as part of his 2019 hiring terms, Mr. Singh was granted 225,000 Initial RSUs, including 75,000 RSUs the vesting of which was subject to the acquisition of 75,000 Common Shares of the Corporation; such RSUs have vested on January 14, 2020. The balance of 150,000 Initial RSUs, vests in three equal tranches over three years; the second tranche vested on December 31, 2021 and the final tranche will vest on December 31, 2022.

The HR Committee believes that performance criteria attached to part of the annual RSU grant improves the alignment of RSU recipients with those of Shareholders of the Corporation and promotes sustainable growth and value creation and the achievement of key long-term corporate objectives. The HR Committee monitors the achievement of these performance criteria on a regular basis.

Whenever dividends are paid in Common Shares, additional RSUs are automatically granted to each participant who holds RSUs on the record date for such dividend. Following the vesting date, RSUs are settled, at the discretion of the Corporation, in Common Shares, in cash (in which case for an amount equivalent to the product of the number of vested RSUs multiplied by the closing price of a Common Share on the TSX on the day prior to the payment date) or a combination of both Common Shares and cash, less applicable withholdings.

The HR Committee may, at its entire discretion, accelerate the terms of vesting of any outstanding RSU in circumstances it deems appropriate. In the event of a change of control as defined in the RSU Plan, all RSUs outstanding on the change of control date become immediately vested, irrespective of performance conditions, if any.

Unless otherwise determined by the Board of Directors (or, in the case of the OBL Named Executive, by the OBL board of directors), in the event a participant resigns or is terminated by the Corporation (or OBL, as applicable) for cause, all outstanding RSUs are cancelled. As for those participants who cease to be an employee as a result of death, termination without cause, retirement or long-term disability, the vesting of:

- the time-based component portion of each RSU grant will be prorated based on the sum of the number of days during which certain benefits of employment are contractually maintained and those actually worked from the date of grant of such RSUs up until the date of termination without cause, over the number of days of the original vesting schedule in relation to such grant; and

- all performance based RSU grant will be prorated based on the number of days actually worked from the date of grant of such RSUs up until the date of termination without cause, over the original vesting schedule in relation to such grant; the number of vested performance based RSUs resulting from such prorated calculation is multiplied by the performance percentage to be determined by the Board of Directors.

The value of RSU grants are based on recommendations made by the Executive Chair of the Board and the President and Chief Executive Officer (or, in the case of the OBL Named Executive, by the OBL board of directors), except in respect of grants to themselves, and the closing price of a Common Share on the TSX on the day prior to the grant date.

In connection with the 2018 grant of RSUs, the 3-year performance long-term objectives (the “**2018 Long-Term Objectives**”) approved by the HR Committee included production growth, performance criteria and strategic metrics.

The HR Committee has been monitoring the achievement of the 2018 Long-Term Objectives for the last three years and in May 2021 assessed performance against said objectives. To this end, Management presented to the HR Committee its assessment of the Corporation’s achievements pursuant to the 2018 Long-Term Objectives as follows:

(i) Increase in net asset value per share

Management outperformed the performance target that was approved. The actual increase over the period exceeded the target by approximately 100% (using normalized commodity prices). This objective was met.

(ii) Increase revenues to equivalent of 184,000 ounces of gold

The Corporation gold equivalent ounces (“GEO”) earned remained relatively flat from 80,553 GEOS in 2018, to 78,006 GEOs in 2019, and 67,867 GEOS in 2020 (due to COVID-19 related stoppages in production). This objective was not met.

(iii) Increase operating cash flow to \$218 million annually

The Corporation’s operating cash flow increased from \$82.2 million in 2018 to approximately \$155 million at the time of assessment (representing approximately 70% of the objective), which reflects the annualized average of the last quarters (post COVID-19 interruptions) and the 2021 budget expectations. This objective was partially met.

(iv) Enhance/realize investment portfolio by 20% and develop accelerator business

As part of this approved criteria, the Corporation continued to invest and mature the accelerator investment model. Most of the royalty and stream investments generated from the Corporation’s accelerator business model have a high-implied return. The portfolio of equity investments generated realized and unrealized gains of \$101 million, representing a 21% increase in value. This objective was met.

(v) Provide superior returns to Gold Index and Peers

During the period encompassed between June 30, 2018 and March 31, 2021, the share price of the Corporation increased by 11% while the TSX gold index and our peer index increased by 43% and 55% respectively. This objective was not met.

(vi) Maintain sound financial position

The Corporation maintained strong financial flexibility over the reference period to pursue its growth strategy. In November 2020, the Corporation spun out Osisko Development to focus on the Cariboo gold project, which in turn was able to raise over \$250 million to advance its assets.

The Corporation swapped a number of equity positions for Common Shares of the Corporation held Orion Resource Partners, since 2017. Such Common Shares were subsequently cancelled.

In September 2019, the Corporation increased its credit facility by \$50 million, with an additional uncommitted accordion of up to \$100 million.

The Corporation concluded a private placement of \$85 million with Investissement Québec (“IQ”) in April 2020, during the initial phase of the COVID-19 pandemic and repaid the \$50 million convertible debenture with IQ using the credit facility at a lower interest rate.

This objective was met.

(vii) Leadership in sustainability

The Corporation continued to participate in an advocacy role for the mining industry through representation in various associations (Association de l’Exploration Minière du Québec, Association Minière du Québec), Fédération des chambres de commerce du Québec.

The Corporation implemented an ESG Committee at the Board level and released its inaugural ESG report in 2021. In March 2021, the Corporation joined the UN Global Impact and invested in and partnered with Carbon Streaming Corporation, a company focused on acquiring streams that offer other environmental co-benefits and benefits for Communities in order to provide its investors with high quality and diversified portfolio of carbon credits for exposure to long-term price appreciation.

The Corporation continues to maintain an open dialogue with host communities and governments in order to ensure success of mining enterprises. It also participated in Québec’s Plan Nord initiatives and to the Fonds Restor-Action Nunavik.

The Corporation supports various charities and community organizations including the Canadian Mineral Education Industry Foundation, and assumed leadership of the foundation and administrative services. For the last three years, approximately 250 of scholarships were awarded.

This objective was met.

Assessment of 2018 Long-Term Objectives by the Committee

The 2018 Long-Term Objectives were approved by the Board of Directors in 2018, upon recommendation of the HR Committee. The HR Committee regularly monitored the progress made by Management toward achieving said long-term objectives. As part of its duties and responsibilities and in conjunction with the end of period assessment, the HR Committee reviewed and discussed with Management the assessment of achievements against the Corporation’s 2018 Long-Term Objectives. Following such review and taking into account Management’s self-assessment, the HR Committee recommended an achievement score of 75% of target. This included a calculated result of 67% of target, which was increased to 75% of target to reflect additional challenges faced, and overcome, by Management relating to the COVID-19 pandemic.

Upon recommendation of the HR Committee, the Board of Directors deliberated and concurred with the HR Committee and approved the assessment of the 2018 Long-term Objectives at 75% as evidenced below. These RSUs were settled in Common Shares of the Corporation. The portion of the RSUs that is time based (representing 50% of the 2018 grant) is paid in full upon vesting. All RSUs are paid in Common Shares of the Corporation taking into account the applicable tax withholdings so that the Corporation issues only such number of Common Shares the value of which equals the net amount to be received by the Named Executives.

The Board met on May 11, 2021 to determine the payout of the performance-based RSUs; all RSU vested on May 14, 2021 and, accordingly, as per the terms of the RSU Plan, these RSUs were settled in Common Shares of the Corporation, taking into account mandatory withholdings, at a price of \$16.10 per RSU, being the closing market price of the Common Shares of the Corporation traded on the TSX on May 13, 2021, being a business day prior to the vesting/settlement date.

- (4) At the time of the award, Mr. Sandeep Singh was not an executive officer of the Corporation.
- (5) At the time of the award, Mr. Chris Lodder was an executive officer of Barkerville Gold Mines Ltd. ("Barkerville"), which was at the time publicly held.
- (6) Mr. Luc Lessard received RSUs as an executive officer of the Corporation at the time and kept such RSUs when he transferred to Osisko Development.

The terms and conditions of the RSU Plan are more specifically addressed under the heading "**Security-Based Compensation Arrangements**" below.

Osisko Development:

Osisko Development's long-term compensation program also includes options and restricted share units to ensure the alignment of the ODV Named Executives with shareholders and other stakeholders of Osisko Development in the value creation process. The long-term incentive compensation of Osisko Development provides similar benefits to Osisko development as those of the Corporation do for Osisko.

The targeted quantum of the long-term component of the ODV Named Executives' compensation as a percentage of their total compensation is identified below, however such percentage remains subject to a review by the human resource committee of Osisko Development:

Named Executives	Targeted Percentage of the long-term component of Named Executives' compensation over their total compensation (%)
Chair and Chief Executive Officer of Osisko Development	60
President Osisko Development	53
Chief Operating Officer of Osisko Development	56

The stock option plan and the, employee share purchase plan, the restricted share units plan and the deferred share units plan of Osisko Development are further described in the ODV Circular.

ODV has granted timed-based restricted share units to the ODV Named Executives at the end of 2020 as an initial grant and made its 2021 annual grant of restricted share units. The vesting of half of the 2021 annual restricted share units grant are subject to performance criteria, which have yet to be adopted by the board of directors of Osisko Development. All annual restricted shares units grants are subject to the following vesting terms: one half (1/2) is time-based and will vest on the third anniversary of such grant; the remaining portion (1/2) will also vest on the third anniversary of such grant but is subject to performance criteria approved by the human resource committee and the board of directors of Osisko Development. **For greater certainty, settlement of performance based restricted shares units granted as part of the annual long-term incentive compensation does not represent a guaranteed compensation item for the ODV Named Executives as the determination of the performance relating to such restricted shares units grant remains the sole prerogative of the board of directors of Osisko Development.**

In addition, as regards those employees that were transferred from Osisko to Osisko Development with effect as of January 1st, 2021, some of these employees held RSUs that had been issued by Osisko. Given that, after their transfer to Osisko Development, these employees had no further direct ties or impact on the performance of Osisko, the board of directors of Osisko Development and the Board of Directors of the Corporation agreed to cancel part of the Osisko RSUs held by such employees and to issue an equivalent value of restricted share units of Osisko Development to said employees in replacement of these cancelled Osisko RSUs. Such replacement restricted share units of Osisko Development issued to said employees were time-based only and their vesting schedule was kept the same as the vesting schedule of the original Osisko RSUs.

Accordingly, the following ODV Named Executives were issued the following number of restricted shares units of Osisko Development in replacement for cancelled Osisko RSUs:

Name of restricted share units holder	Title in Osisko Development	Number of Replacement restricted share units
Chris Lodder	President	123,810
Luc Lessard	Chief Operating Officer	151,810

Such one-time grant by Osisko Development was made in replacement of one or more RSU grant made by Osisko and should not be considered as additional compensation paid by Osisko Development to Messrs. Lessard and Lodder.

No restricted share units issued by Osisko Development to date have vested.

Deferred Share Units (DSUs)

The DSU Plan has been established to enhance the Corporation's ability to attract and retain talented individuals to serve as members of the Board of the Corporation and its subsidiaries and to promote for greater alignment of interests between such persons and the Shareholders of the Corporation.

Pursuant to the DSU Plan, the Board of Directors may designate, from time to time and at its sole discretion, the non-executive directors of the Board or of the board of directors of a subsidiary to become participants of the DSU Plan.

In order to further improve alignment of interests between directors and Shareholders, the Board of Directors can determine the vesting of any DSU so granted. In principle, all DSUs granted to non-executive directors shall vest on the day prior to the next annual meeting of Shareholders following such grant however, if the next annual meeting is to be held in less than 6 months from the date of grant, the Board will usually postpone the vesting of such DSU to the day prior to the annual meeting of Shareholders following the next annual meeting of Shareholders.

Vested DSUs become payable no later than the last business day in December of the first calendar year commencing after the termination of their Board mandate. Vested DSUs are settled at the settlement date, at the Corporation's discretion, in Common Shares, in cash (for an amount equivalent to the product of the number of vested DSUs multiplied by the closing price of a Common Share on the TSX on the day prior to the payment date) or in a combination of cash and Common Shares, in each case, less applicable withholdings.

For U.S. based Directors, vested DSUs become payable during the year after the termination of their Board mandate or the next subsequent year, as determined by them at the time of the respective grant, but no later than the last business day in December of the first calendar year commencing after the termination of their mandate.

DSUs may only be awarded to non-executive directors.

The Board approved amendments to the DSU Plan on April 1st, 2022. The amendments to the DSU Plan are further discussed under the heading "APPROVAL OF AMENDMENTS TO THE DEFERRED SHARE UNIT PLAN AND APPROVAL OF THE UNALLOCATED RIGHTS AND ENTITLEMENTS UNDER THE PLAN".

Employee Share Purchase Plan

In 2015, the Board of Directors of the Corporation approved an employee share purchase plan to encourage eligible employees ("**Eligible Employees**") to hold, on a permanent basis, Common Shares. Under the Employee Share Purchase Plan, the Corporation contributes an amount equal to 60% of the Eligible Employee's contribution then held in trust by the Corporation. The Eligible Employee's contribution shall be of a minimum of \$100 monthly but shall not exceed in any event 10% (unless otherwise provided by the committee authorized to oversee the Employee Share Purchase Plan) of the Eligible Employee's basic annual remuneration (exclusive of any overtime pay, bonuses or allowances of any kind whatsoever) before deduction and shall be subject to a maximum contribution of \$1,250 per month. The terms and conditions of the Employee Share Purchase Plan are more specifically addressed under the heading "**Security-Based Compensation Arrangements**" below.

Benefits

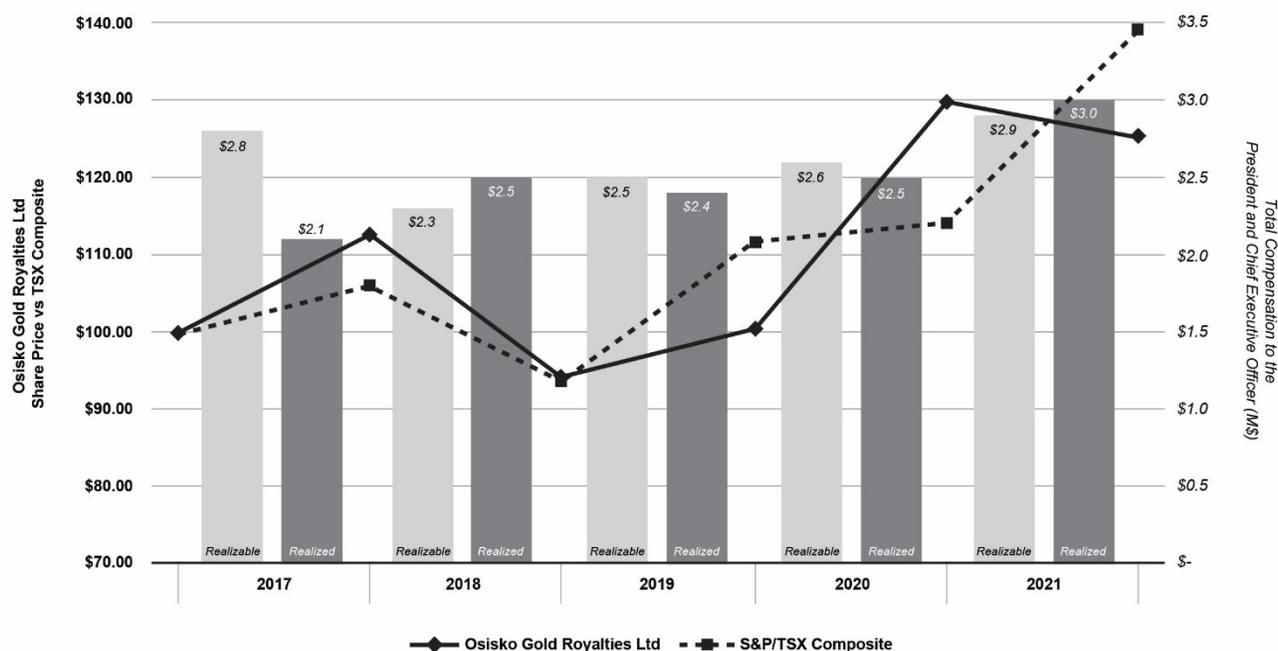

The Corporation's executive officers benefit program includes life, medical, dental and disability insurance, outplacement services (in case of termination without cause, including as a result of a change of control) and other benefits. Such benefits are designed to be competitive with other comparable Canadian enterprises.

Hedging

The Securities Trading Policy of the Corporation forbids directors and officers from using any strategy relating to or to use derivative instruments in respect of securities of the Corporation, including purchasing financial instruments that are designed to hedge or offset a decrease in market value of the securities of the Corporation.

- As per the terms of the Employee Share Purchase Plan, the Corporation contributes an amount equal to 60% of the Eligible Employee's contribution up to a maximum contribution of \$9,000 per year. The Corporation's contributed amount to the Employee Share Purchase Plan is included in the value of the share-based awards column, as applicable.
- Pursuant to the RSU Plan of the Corporation, RSUs were awarded on March 1, 2021, subject to the vesting terms, which consist of the following terms: one half (1/2) is time-based and vesting in 2024, while the remaining portion (1/2) will also vest in 2024, subject to performance criteria toward achievement of the 2021 Long-Term Objectives over a three-year period. The unit grant price on such date was \$12.70. Notwithstanding the foregoing, Messrs. Le Bel and Ruel received an additional grant of time-based RSUs having a value of \$100,000 at the time of the grant and such RSUs vested and were paid in Common Shares on December 1, 2021.
- Both the grant date fair value and accounting fair value for option-based awards are calculated using the Black-Scholes option pricing model. Specifically, a Black-Scholes option pricing model was used with the following assumptions determined on the date of grant:

However, the share-based compensation expense included in the Corporation's financial statements are accounted for based on vesting terms reflecting the fair value amortized for the period in accordance with International Financial Reporting Standards requirements. As part of his 2019 hiring terms, Mr. Singh was granted 250,000 Initial options of the Corporation vesting in four equal tranches of 25% over a period of 4 years and having a term of 7 years.

- On November 25, 2020 Mr. Roosen was appointed as Executive Chair and Mr. Singh as President and Chief Executive Officer of the Corporation.
- In addition, Mr. Singh's employment term, the Board took into consideration the period between December 31, 2019 and the date of the grant of the long-term incentive in the 2020 annual grant; accordingly, the value of his annual grant of share-based award was increased by a value of \$365,160 and the value of his option based award was increased by a value of \$243,440.
- While Mr. André Le Bel's base salary is \$318,000, a portion of his salary is charged back by the Corporation to Falco Resources Ltd., an associate company, for his services as an executive. Accordingly, the amounts shown under the columns "Salary" and "Option-Based Awards" denote the actual amounts assumed by the Corporation in this respect.
- As Mr. Spencer's cash compensation is in U.S. dollar, his compensation was converted in Canadian dollars using the average foreign exchange rate for each applicable year (2021: 1.2535, 2020: 1.3415 and 2019: 1.3269).
- Amounts under all other compensation reflect the COL Subsidy.

NOTES:

- As part of a reverse takeover bid transaction (the "RTO Transaction"), Osisko Development was launched on November 25, 2020. Therefore, over 90% of the compensation of Messrs. Sean Roosen, Luc Lessard and Christ Lodder was assumed by the Corporation in 2020 as they were executives of the Corporation. For 2019, the compensation of Messrs. Roosen and Lessard was assumed at 100% by the Corporation.
- In December 2020, the ODV Named Executives received a one-time grant of stock options in connection with the completion of the RTO Transaction.
- Mr. Roosen's 2019 compensation was paid by the Corporation as Chair of the Board and Chief Executive Officer. Osisko Development was formed in November 2020 as part of the RTO transaction. This compensation is also reflected in the OR Named Executives' Summary Compensation table referred above.
- On June 1st, 2021, Mr. Chris Lodder and Mr. Luc Lessard received replacement restricted share units from Osisko Development in the amounts of \$902,100 and \$1,106,695, respectively. These awards were made in connection with the cancellation of RSUs originally granted to by Osisko Gold, such award constituted a one-time grant that is not part of their regular compensation.
- Barkerville was originally acquired by the Corporation as part of a plan of arrangement on November 19, 2019. Prior to such date, Barkerville was a publicly listed company. Therefore, the compensation received in 2019 by Mr. Chris Lodder as President and Chief Executive Officer was paid at over 90% by Barkerville and 10% was assumed by the Corporation.

Total Compensation Assumed by the Corporation

2019	1,206,170	5,485,160	2,484,447	1,093,057	-	10,268,834

The following table shows the total compensation of the OR Named Executives for the relevant years, as well as the total compensation for the OR Named Executives as a percentage of the cash margin and as a percentage of Shareholders' equity. For the most recent five years, the Corporation continued establishing its long-term asset base and it was expected that in the initial years, the ratios would be higher than more established companies. The results demonstrate that, except in 2019 and 2020, where the team grew in conjunction with an acquisition and in connection with the hiring of a new president, the ratios have generally been improving; the decrease in the ratios for 2021 is mainly attributable to the fact that, post spin-out, the compensation of the ODV Named Executives referred to in this Circular is entirely paid by Osisko Development.

Year	Total compensation of Named Executives ⁽¹⁾ (\$)	Total compensation of Named Executives as percentage of Cash Margin ⁽²⁾ (%)	Total compensation of Named Executives as percentage of Shareholders' Equity (%)
2021	8,531,026	4.6	0.5

2019	10,269,000	7.9	0.7
2018	7,035,000	5.9	0.4
2017	10,424,000	9.6	0.6

NOTES:

- Compensation received by ODV Named Executives is not taken into account for 2021 as it is not paid for by the Corporation.
- Cash margin reflects revenues less cost of sales (excluding depletion). The 2017 amount is annualized for the assets related to the precious metals portfolio acquired from Orion Resources Partners for \$1.1 billion on July 31, 2017.

Security-Based Compensation Arrangements

Options granted or securities issued by the Corporation pursuant to the Corporation's security-based compensation arrangements are governed by the following plans: the Employee Share Purchase Plan, DSU Plan, RSU Plan and the Stock Option Plan.

The Employee Share Purchase Plan

The Employee Share Purchase Plan provides for the acquisition of Common Shares by Eligible Employees (as hereinafter defined) for the purpose of advancing the interests of the Corporation through the motivation, attraction and retention of employees of the Corporation and its non-public subsidiaries and to secure for the Corporation and the Shareholders of the Corporation the benefits inherent in the ownership of Common Shares by employees of the Corporation and its non-public subsidiaries, it being generally recognized that employees are more motivated and dedicated due to the opportunity offered to them to acquire a proprietary interest in the Corporation.

The Stock Option Plan

The purpose of the Stock Option Plan is to advance the interests of the Corporation by encouraging the officers, managers, employees and consultants of the Corporation and its subsidiaries to acquire shares in the Corporation, thereby increasing their proprietary interest in the Corporation, encouraging them to remain associated with the Corporation and its subsidiaries and furnishing them with additional incentive in their efforts on behalf of the Corporation and its subsidiaries.

The RSU Plan

The purpose of the RSU Plan is to assist the Corporation and its subsidiaries in attracting and retaining individuals with experience and ability, to allow certain employees of the Corporation and its subsidiaries to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the employees designated under this RSU Plan and the Shareholders of the Corporation.

The DSU Plan

The purpose of the DSU Plan is to assist the Corporation and its subsidiaries in attracting and retaining individuals with experience and ability, to allow directors of the Corporation and its subsidiaries to participate in the long-term success of the Corporation and to promote a greater alignment of interests between the directors designated under this DSU Plan and the Shareholders of the Corporation.

ELIGIBILITY

Who is eligible to participate?

The Employee Share Purchase Plan

Participants in the Employee Share Purchase Plan are employees, including full-time and part-time salaried employees who have an employment agreement for a term of at least one year with the Corporation or with any associates of the Corporation designated by the Board of Directors of the Corporation or by the committee of the Board of Directors authorized to oversee the Employee Share Purchase Plan (the “**Designated Affiliates**”), who have provided services to the Corporation or to any Designated Affiliates for at least 60 days. The HR Committee may elect, in its absolute discretion, to waive such 60-day period or to determine that the Employee Share Purchase Plan does not apply to any Eligible Employee.

The Stock Option Plan

Pursuant to the Stock Option Plan, options may be granted in favour of executive directors, officers, employees and consultants providing ongoing services to the Corporation and its subsidiaries. Non-executive directors are not eligible to receive options. The Replacement Osisko Options, which were originally offered to Barkerville option holders, are not part of the Osisko Stock Option Plan.

The DSU Plan

Pursuant to the DSU Plan a non-executive director of the Board of Directors of the Corporation or a subsidiary is eligible to participate under the DSU Plan.

The RSU Plan

Pursuant to the RSU Plan, RSUs may be granted in favour of the executives and key employees of the Corporation or of a subsidiary. For greater certainty, non-executive members of the Board of Directors shall not participate in the RSU Plan.

TERM AND VESTING

What is the term and vesting schedule of options or of the securities issuable under the security-based compensation arrangements?

The Employee Share Purchase Plan

Under the Employee Share Purchase Plan, any Eligible Employee may elect to contribute money on an ongoing basis. The Corporation will deduct from the remuneration of the Eligible Employee the Eligible Employee contribution in equal installments starting on the first day of such quarter and hold these amounts in trust for the Eligible Employee. As soon as practicable following March 31, June 30, September 30 and December 31 in each calendar year, the Corporation will credit the Eligible Employee with and therefore hold in trust for the Eligible Employee an amount equal to 60% of the Eligible Employee's contribution then held in trust by the Corporation (up to a maximum of \$9,000 per year) and shall issue for the account of each Eligible Employee fully paid and non-assessable Common Shares equal in value to the aggregate contribution held in trust by the Corporation as of such date. The Corporation's contribution will vest on December 31st of the calendar year with respect to which they have been issued. No fraction of a Common Share shall be issued to the Eligible Employees, but any unused balance of the aggregate contribution shall be held in trust for the Eligible Employee until used in accordance with the Employee Share Purchase Plan.

The Employee Share Purchase Plan was initially approved by the Shareholders on June 30, 2015 and was implemented by the Corporation on October 1st, 2015.

The Stock Option Plan

The options granted under the Stock Option Plan, shall be exercised within a period of time fixed by the Board of Directors, not to exceed seven (7) years from the date the option is granted (the "**Option Period**"). The options shall vest and may be exercised during the Option Period in such manner as the Board of Directors may fix by resolution. The options which have vested may be exercised in whole or in part at any time and from time to time during the Option Period. To date, all granted options have a term of five years, except for the 250,000 Initial Options granted to Mr. Sandeep Singh on December 31st, 2019, which, as part of his hiring terms, have a term of seven years.

Upon a change of control, all outstanding options shall vest and become immediately exercisable.

The DSU Plan

Unless otherwise indicated by the HR Committee upon grant and subject to the provision on termination of service of the DSU Plan, (i) the DSUs granted to a Participant in accordance with such Participant's election to receive all or a portion of the Participant's annual remuneration as director in DSUs, shall vest immediately upon such grant and (ii) the DSUs granted to a Participant as an annual grant shall generally vest, unless otherwise provided upon such grant, one day prior to the Corporation's next annual meeting of Shareholders. Notwithstanding the foregoing, the HR Committee may, in its entire discretion, set a different vesting or accelerate the terms of vesting of any DSUs in circumstances deemed appropriate by the HR Committee.

Upon a change of control, all unvested DSUs become vested at the time of the Change of Control, irrespective of any vesting conditions. The settlement of such DSUs however remains subject to the termination of the Director's mandate.

At any time after the termination of service of a Participant to whom DSUs have been granted, and which have vested, but no later than the last business day in December of the first calendar year commencing after such termination, on a date chosen by such Participant (the "**Settlement Date**"), the Corporation shall pay to the Participant or his or her legal representative the value of such Participant's vested DSUs, in cash or in Common Shares of the Corporation or a combination of cash and Common Shares, at the Corporation's election on the Settlement Date.

For U.S. based Directors, vested DSUs become payable during the year after the termination of their Board mandate or the next subsequent year, as determined by them at the time of the respective grant, but no later than the last business day in December of the first calendar year commencing after the termination of their mandate.

Should the Corporation chose to pay the Participant in cash, such Participant will receive an amount equal to the number of DSUs vested to his or her account as of that date multiplied by the market value of one (1) Common Share on the Settlement Date, the whole subject to withholding taxes. Should the Corporation chose to issue Common Shares in payment of the DSUs to a Participant, such Participant will receive such number of Common Shares equivalent to the number of DSUs vested to his or her account as of that date, subject to withholding taxes. A Participant shall not be entitled to require payment of any amount on account of DSUs credited to such Participant's account prior to his or her termination.

The RSU Plan

Unless otherwise indicated by the HR Committee upon grant and subject to the provision on death, termination not for cause, retirement or Long-Term Disability of the RSU Plan, each RSU shall vest on the third (3rd) anniversary of the grant date. Furthermore, in the case of RSUs subject to performance vesting conditions, such RSUs shall also be multiplied by the performance percentage determined by the Board of Directors of the Corporation upon vesting, provided, however, that should such performance percentage exceeds 100%, then the Corporation shall be entitled to settle such exceeding amount in cash. However, the HR Committee may, in its entire discretion, accelerate the terms of vesting of any RSUs in circumstances deemed appropriate by the HR Committee.

Upon a change of control, all outstanding RSUs vest, irrespective of any performance vesting conditions.

Following the vesting date, the holder of RSUs shall receive, at the election of the Corporation on the settlement date, as applicable (i) a certificate registered in the name of the holder representing in the aggregate such number of Common Shares as the holder shall then be entitled to receive and/or (ii) a payment in the form of a cheque, or other payment method as determined by the HR Committee, of any cash portion then payable to the holder, in each case, less any applicable withholding taxes and other deductions required by law to be withheld by the Corporation in connection with the satisfaction of the holder's RSUs. Once settled, the holder shall have no further entitlement in connection with such vested RSUs under the RSU Plan.

NUMBER OF SECURITIES ISSUED OR ISSUABLE

How many securities are authorized to be issued under the security-based compensation arrangements and what percentage of the Corporation's shares outstanding do they represent?

The Employee Share Purchase Plan

The maximum number of Common Shares made available for the Employee Share Purchase Plan shall not exceed 0.1% of the issued and outstanding Common Shares of the Corporation at any one time.

Should the Corporation issue additional Common Shares in the future, the number of Common Shares issuable under the Employee Share Purchase Plan will increase accordingly. The Employee Share Purchase Plan is considered an "evergreen" plan, since the Common Shares issued under the Employee Share Purchase Plan shall be available for subsequent grants under this plan.

The TSX rules provide that all unallocated options, rights or other entitlements under a security based compensation arrangement, which does not have a fixed number of maximum securities issuable, must be approved every three years. The unallocated entitlements under the Employee Share Purchase Plan were submitted and ratified by the Shareholders on May 12, 2021.

The Stock Option Plan

The aggregate number of Common Shares to be delivered upon the exercise of all options granted under the Stock Option Plan shall not exceed the greater of 4% of the issued and outstanding Common Shares at the time of granting of options (on a non-diluted basis) or such other number as may be approved by the TSX and the Shareholders of the Corporation from time to time.

If any option granted under the Stock Option Plan shall expire or terminate for any reason without having been exercised in full, the unpurchased Common Shares subject thereto shall again be available for the purpose of the Stock Option Plan.

As a result, should the Corporation issue additional Common Shares in the future, the number of Common Shares issuable under the Stock Option Plan will increase accordingly. The Stock Option Plan is considered an “evergreen” plan, since the Common Shares covered by options which have been exercised under the Stock Option Plan shall be available for subsequent grants under the Stock Option Plan.

The TSX rules provide that all unallocated options, rights or other entitlements under a security based compensation arrangement, which does not have a fixed number of maximum securities issuable, must be approved every three years. The unallocated options under the Stock Option Plan were submitted and ratified by the Shareholders on June 22, 2020.

The DSU Plan

The total number of Common Shares reserved and available for issuance pursuant to this DSU Plan shall not exceed a number of Common Shares equal to 0.5% of the total issued and outstanding Common Shares of the Corporation on the Settlement Date (on a non-diluted basis), or such other number as may be approved by the TSX and the Shareholders of the Corporation from time to time. Any increase in the issued and outstanding Common Shares will result in an increase in the number of Common Shares that may be issued pursuant to this DSU Plan or any other proposed or established share compensation arrangement of the Corporation.

The TSX rules provide that all unallocated options, rights or other entitlements under a security based compensation arrangement, which does not have a fixed number of maximum securities issuable, must be approved every three years. The unallocated entitlements under the DSU Plan were submitted and ratified by the Shareholders on May 1st, 2019.

The RSU Plan

Were any amendments made to the security-based compensation arrangements in the last financial year?

On December 14, 2021, the Board of Directors resolved to amend the Corporation’s Employee Share Purchase Plan. The Board of Directors also amended the DSU Plan on April 1st, 2022. The amendments made to these plans are described below:

The Employee Share Purchase Plan was amended to remove the vesting period and replace it with a holding period on the Common Shares, which are issued as part of the Corporation’s contributions and therefore allowing for an immediate vesting upon issuance of these Common Shares.

The DSU Plan was amended to limit the annual grant date value of \$150,000 to each eligible director across all equity-based compensation plans of the Corporation in aggregate; this limit excludes the one-time initial grant of DSUs and any amount of director remuneration that an eligible director has elected to receive in the form of DSUs in lieu of cash on a value for value exchange. Furthermore, the amending clause of the DSU Plan has also been amended to provide that any change to eligible director’s participation limit may only be amended with the approval of the TSX and the Shareholders.

Does the Corporation provide any financial assistance to participants to purchase shares under the security-based compensation arrangements?

The Employee Share Purchase Plan

Under the Employee Share Purchase Plan, the Corporation will contribute to the Eligible Employee contribution an amount equal to 60% of the Eligible Employee’s contribution cumulated at the end of each interim period of the Corporation up to a maximum of \$9,000 per year.

The Stock Option Plan

There is no provision allowing financial assistance under the Stock Option Plan.

The DSU Plan and RSU Plan

Not applicable

CHANGE OF CONTROL PROVISIONS

Are there any adjustment provisions under the security-based compensation arrangements?

The Employee Share Purchase Plan

Under the Employee Share Purchase Plan, if there is a change of control of the Corporation, all unvested Common Shares held in trust for an Eligible Employee shall be immediately deliverable to the Eligible Employee. The Corporation’s contribution shall immediately be made and the Common Shares shall be issued for the then aggregate contribution based on the Current Market Value (as defined in the Employee Share Purchase Plan) of the Common Shares on the date of the change of control prior to the completion of the transaction which results in the change of control and that such Common Shares shall be immediately delivered to the Eligible Employees.

In addition, in the event there is any change in the Common Shares, whether by reason of a stock dividend, consolidation, subdivision, reclassification or otherwise, an appropriate adjustment shall be made by the committee authorized by the Board to oversee the Employee Share Purchase Plan in the number of Common Shares

available under the Employee Share Purchase Plan. If such an adjustment shall result in a fractional Common Share, the fraction shall be disregarded. All such adjustments shall be conclusive, final and binding for all purposes of the Employee Share Purchase Plan.

The Stock Option Plan

Under the Stock Option Plan, if there is a change of control of the Corporation, all unvested options outstanding at the time of the change of control shall vest and become immediately exercisable.

Under the Stock Option Plan, in the event that the outstanding Common Shares are changed into or exchanged for a different number or kind of shares or other securities of the Corporation, or in the event that there is a reorganization, amalgamation, consolidation, subdivision, reclassification, dividend payable in capital stock or other change in capital stock of the Corporation, then each participant holding an option shall thereafter upon the exercise of the option granted to him, be entitled to receive, in lieu of the number of shares to which the participant was theretofore entitled upon such exercise, the kind and amount of shares or other securities or property which the participant would have been entitled to receive as a result of any such event if, on the effective date thereof, the participant had been the holder of the shares to which he was theretofore entitled upon such exercise.

In the event the Corporation proposes to amalgamate, merge or consolidate with any other Corporation (other than with a wholly-owned subsidiary of the Corporation) or to liquidate, dissolve or wind-up, or in the event an offer to purchase the shares of the Corporation or any part thereof shall be made to all Shareholders, the Corporation shall have the right, upon written notice thereof to each participant, to require the exercise of the option granted pursuant to the Stock Option Plan within the thirty (30) day period following the date of such notice and to determine that upon such thirty (30) day period, all rights of the participant to exercise same (to the extent not theretofore exercised) shall *ipso facto* terminate and cease to have any further force or effect whatsoever.

The DSU Plan

Under the DSU Plan, if a Change of Control takes place, all unvested DSUs become vested at the time of the Change of Control. The settlement of such DSUs however remains subject to the termination of the Director's mandate.

Whenever dividends are paid on Common Shares, additional DSUs will be automatically granted to each participant who holds DSUs on the record date for such distribution of dividend. The number of such DSUs (rounded to the nearest whole DSU) to be credited as of a dividend payment date shall be determined by dividing the aggregate dividend that would have been paid to such participant if the participant's DSUs had been Common Shares by the market value on the date on which the distributions were paid on the Common Shares. DSUs granted to a participant under the section on credits shall be subject to the same vesting as the DSUs to which they relate.

The RSU Plan

Under the RSU Plan, if there is a change of control of the Corporation, all outstanding RSUs vest, irrespective of any performance vesting conditions.

In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, recapitalization, amalgamation, plan of arrangement, reorganization, spin-off or other distribution (other than normal cash dividends) of the Corporation's assets to Shareholders or any other change affecting the Common Shares, such adjustments as are required to reflect such change shall be made with respect to the number of RSUs in the accounts maintained for each participant, provided that no fractional RSUs shall be issued to participants and the number of RSUs to be issued in such event shall be rounded down to the next whole number of RSUs.

Whenever dividends are paid on Common Shares, additional RSUs will be automatically granted to each participant who holds RSUs on the record date for such dividend. The number of such RSUs (rounded to the nearest whole RSU) to be credited as of a dividend payment date shall be determined by dividing the aggregate dividends that would have been paid to such participant if the participant's RSUs had been Common Shares by the market value on the date on which the dividends were paid on the Common Shares. RSUs granted to a participant under the section on credits for dividends shall be subject to the same vesting as the RSUs to which they relate.

BLACK-OUT PERIODS

Are there any blackout period provisions under the security-based compensation arrangements?

Under the Stock Option Plan, in the event that the term of an option expires during such period of time during which insiders are prohibited from trading in shares as provided by the Corporation's Securities Trading Policy, as it may be implemented and amended from time to time or within 10 business days thereafter, the option shall expire on the date that is 10 business days following the Blackout Period (as defined in the Stock Option Plan). Although the Blackout Period would only cover insiders of the Corporation, the extension would apply to all participants who have options, which expire during the Blackout Period.

PENSION PLAN BENEFITS

The Corporation has not adopted any retirement plan or pension plan providing for payment of benefits.

Each of the Executive employment agreements entered into by the OR Named Executives with the Corporation or by the OBL Named Executive with OBL provide for non-competition clauses based on the following terms:

Type of Termination	Non-Competition Period
For Cause	12 months
Without Cause	6 months
By the Executive	6 months
Following a Change of Control	6 months
Maturity of the Agreement (OBL Named Executive only)	6 months

In addition, each of the OR Named Executives undertakes, following the date of his termination for any reason, not to solicit the Corporation’s or OBL’s agents, administrators, officers, directors, managers or business executives, consultants or employees for a period of 12 months.

For greater certainty and notwithstanding anything to the contrary, any payment to be made to a Named Executive as a result of a termination by the Corporation without cause or termination of employment following change in control will be adjusted to take into account the particulars of the employment situation of such Named Executive with associate companies or subsidiary of the Corporation.

Non-competition and non-solicitation obligations of Messrs. Roosen, Lodder and Lessard, in their respective capacity as Chair of the Board and Chief Executive Officer, President and Chief Operating Officer are described in the ODV Circular filed under its SEDAR profile at www.sedar.com.

Policy on Recovery of Incentive Compensation

The Corporation’s Policy on Recovery of Incentive Compensation (the “**Policy**” - also commonly known as a “Clawback Policy”) is applicable to the Executive Chair of the Board, the President and Chief Executive Officer, the Chief Financial Officer and Vice President, Finance and all other Vice Presidents duly appointed by the Board (the “**Executive Officers**”) of the Corporation or any of its subsidiary entities who performs a policy-making

function in respect of the entity (including any former Executive Officer). Osisko Development adopted its own Policy on recovery of incentive compensation and Messrs. Roosen, Lessard and Lodder are subject to this policy given their executive officers of Osisko Development.

In November 2021, the Policy was amended by the Board, upon recommendation of the HR Committee, given that the Policy was originally designed for a company operating in the mining sector. Since the divestiture of the Corporation's assets and certain marketable securities to its subsidiary Osisko Development, the Corporation has been a pure royalty/streaming company since November 25, 2020. These changes were made to properly reflect the Corporation's current business model and in line with its peers. In addition, the recovery period applicable to Executive Officers has been extended from 12 to 24 months.

As part of the principal guidelines, the Board may be entitled to recover from Executive Officers compensation paid as part of the incentive compensation, which includes, with respect to the 24 months preceding a restatement, all bonuses awarded to the Corporation's Executive Officers as well as performance based long-term compensation in direct relation to an event that would require a restatement, but excludes compensation granted or vested other than in relation to performance criteria (the "**Incentive Compensation**"), the restatement guidelines include:

- (i) approved quarterly or annual financial statements be subsequently the subject of or affected by a material restatement of all or a portion of the Corporation's financial statements (a "**Restatement**") if and only if:
 - a. such Restatement is resulting from gross negligence, intentional misconduct, fraud or other similar intentional misconduct; and
 - b. the Incentive Compensation payment received by Executive Officers would have been lower had the financial statements not been subject to a Restatement.

For greater certainty, in case of Restatement, all Executive Officers shall be subject to recovery; regardless of whether or not any such Executive Officer has no responsibility for such Restatement.

The Board may determine whether any other facts, circumstances or legal obligations make it appropriate for the Board to consider, in the exercise of its fiduciary obligations to the Corporation, that a recovery of Incentive Compensation is necessary. The Policy is available on the Corporation's website at www.osiskogr.com.

SECURITIES OWNERSHIP

Formal securities ownership guidelines (the "**Guidelines**") were assented by the Board of Directors on May 6, 2015 in order to further align the long-term interests of the Corporation's Shareholders and that of its directors and officers. On March 18, 2020, further to a review of the Guidelines by the HR Committee, changes were proposed to enhance the Guidelines. Given recent changes in the organizational structure of the Corporation, the HR Committee and the Board amended the ownership requirement level, since the base salary together with the long-term and short-term incentives of certain Vice Presidents doesn't measure to the level as other Vice Presidents. In addition, the HR Committee and the Board also amended the method of calculation for the determination of the value of the securities held, is being based on the TSX closing price of the Common Shares of the Corporation on December 31st or, if this date is not a trading day, on the last TSX trading day of the year.

The ownership requirements can be met through the holding of Common Shares, DSUs and RSUs.

The following table illustrates the amounts and levels established for the minimum requirement for non-executive directors and OR Named Executives. The Corporation's Guidelines are not applicable to the OBL Named Executive and the ODV Named Executives:

Categories	Securities Ownership Levels (as Multiple of Annual Base Salary Level/Retainer)
Lead Director and Directors	2.0 Times Basic Retainer and DSUs
Executive Chair President and Chief Executive Officer	3.0 Times Annual Base Salary Level
Chief Financial Officer and Vice President Legal Affairs and Corporate Secretary	2.0 Times Annual Base Salary Level

Newly elected or appointed directors, newly appointed Named Executives have three years to comply with the ownership requirements from the date of election or appointment. Further to a salary increase, each OR Named Executive and other Vice President whose salary has been so increased shall also have three years to comply with the increased level of ownership requirements deriving from such salary increase, starting from the effective date of such increase. The following table sets out the securities ownership status of non-executive directors and OR Named Executives as at December 31, 2021 at a closing price of \$15.48:

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Corporation is committed to sound corporate governance practices. The Board of Directors has carefully considered the Corporate Governance Guidelines set forth in *Policy Statement 58-201 to Corporate Governance Guidelines*. A description of the Corporation's corporate governance practices is set out below in response to the requirements of *Regulation 58-101 respecting Disclosure of Corporate Governance Practices* ("**Regulation 58-201**") and in the form set forth in Form 58-101F1 "**Corporate Governance Disclosure**".

Majority Voting and Director Resignation Policy for Election of Directors

The Majority Voting and Director Resignation Policy for uncontested director elections is in effect since April 2014 and was last amended on March 30, 2016 to reflect comments received from the TSX. Under such policy, if a nominee does not receive the affirmative vote of at least the majority of votes cast at the meeting of Shareholders, the director shall promptly tender his or her resignation for consideration by the Governance and Nomination Committee and the Board. The Governance and Nomination Committee will consider such resignation and make a recommendation to the Board of Directors. The policy is available on the Corporation's website at www.osiskogr.com.

Composition of the Board of Directors

The Board of Directors consists of a majority of independent directors given that, of the nine (9) directors currently serving on the Board of Directors, seven (7) are considered independent directors (78% of the Board of Directors are independent). Upon election of the nominee directors, the level of independence will be maintained.

The independence of each director is determined by the Board based on the results of independence questionnaires completed by each director annually and on other information reviewed on an ongoing basis.

Policy regarding Tenure on the Board of Directors

The Board of Directors is committed to a process of Board renewal and succession-planning for non-executive directors in order to balance the benefits of experience with the need for new perspectives to the Board while maintaining an appropriate degree of continuity and adequate opportunity for transition of Board and Board Committee roles and responsibilities. Accordingly, the Corporation adopted on March 30, 2016 a policy regarding the tenure on the Board of Directors (the "**Board Tenure Policy**").

The Governance and Nomination Committee is responsible for recommending nominees for election to the Board and, in furtherance of such responsibility, it analyzes the competencies and skills of existing non-executive directors, oversees an annual director evaluation process, and assesses the current and future needs of the Board, including the need to comply with the Corporation's Policy regarding the diversity of the Board of Directors (as more fully described below).

In order to assist the Governance and Nomination Committee and the Board in succession-planning for non-executive directors and appropriate Board renewal, the Board has adopted limits on Board tenure. Non-executive directors will not be re-nominated for election at an annual meeting after the earlier of the following has occurred:

- (a) such director has served 12 years following the later of (i) March 30, 2016 and (ii) the date on which the director first began serving on the Board (the "**Term Limit**"); or
- (b) such director has reached the age of 72 years old on or before the date of the annual or special meeting of Shareholders of the Corporation called in respect of the election of directors (the "**Retirement Age**");

provided that, for greater certainty, there should be no expectation that a non-executive director will serve on the Board for the periods contemplated by the Term Limit or until such director reaches the Retirement Age (collectively the "**Board Tenure Limits**").

Notwithstanding the foregoing, the Board Tenure Limits shall not apply to a non-executive director who has yet to be elected annually for the fifth consecutive time by the Shareholders subject to the Corporation's Majority Voting and Director Resignation Policy. Once a non-executive director has been elected or re-elected for five (5) times, these Board Tenure Limits apply notwithstanding that such director has continued to receive satisfactory annual performance evaluations, has needed skills and experience and meets other Board policies or legal requirements for Board service.

Exceptionally, on a case-by-case basis and on the recommendation of the Governance and Nomination Committee, a non-executive director who has reached the Term Limit or the Retirement Age may be nominated to serve on the Board for up to a maximum of two (2) additional years.

In determining whether to make such a recommendation to the Board, the Governance and Nomination Committee shall consider the following factors, among others:

- (a) the director has received positive annual performance assessments;
- (b) the Governance and Nomination Committee believes it is in the best interests of the Corporation that the director continues to serve on the Board; and
- (c) the director has been re-elected annually by the Corporation's Shareholders in accordance with the Corporation's Majority Voting and Director Resignation Policy.

Notwithstanding the foregoing, the Board retains full discretion in approving such recommendation by the Governance and Nomination Committee.

In addition, directors are expected to inform the Executive Chair of the Board or the Lead Director of any major change in their principal occupation so that the Board would have the opportunity to decide the appropriateness of such director's continuance as a member of the Board or of a Board Committee. Directors are also expected to provide the Executive Chair of the Board or the Lead Director with information as to all boards of directors that they sit on or that they have been asked to join so as to allow the Board to determine whether it is appropriate for such director to continue to serve as a member of the Board or of a Board Committee. The Governance and Nomination Committee will apply Board nominee selection criteria, including directors' past contributions to the Board and availability to devote sufficient time to fulfill their responsibilities, prior to recommending directors for re-election for another term. A copy of the Board Tenure Policy is available on the Corporation's website at www.osiskogr.com.

Independence of Directors - Majority of Directors are Independent

The Board has approved independence standards that require that a majority of its directors be independent. The independence of a director is determined in accordance with Regulation 52-110 or Regulation 58-101 further to voluntary disclosure by each director. Furthermore, the Board of Directors may determine that a director has no material relationship with the Corporation, including as a partner, Shareholder or officer of an organization that has a relationship with the Corporation. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment and includes an indirect material relationship. In determining whether a director is independent, the Board applies standards derived from the Canadian Securities Administrators director independence rules. The Board determines the independence of a director when it approves director nominees for inclusion in this Circular. Based on the results of independence questionnaires completed by each nominee and other information, the Board determined that seven (7) of the nine (9) nominees proposed for election as directors have no material relationship with the Corporation and are, therefore, independent.

The following table indicates the independence status of each of the nine (9) nominees for election to the Board of Directors:

Name	Independent	Non-Independent	Reason for Non-Independence
John R. Baird	✓		N/A
Joanne Ferstman	✓		N/A
Edie Hofmeister	✓		N/A
W. Murray John	✓		N/A
Pierre Labbé	✓		N/A
Candace MacGibbon	✓		N/A
Charles E. Page	✓		N/A
Sean Roosen		✓	Executive Chair of the Board
Sandeep Singh		✓	President and Chief Executive Officer

Messrs. Roosen and Singh are non-independent directors given their respective position as Executive Chair of the Board and President and Chief Executive Officer.

Furthermore, in connection with the listing of the shares of the Corporation on the NYSE on July 6, 2016, the Corporation ensured that at least a majority of its directors satisfied the director independence requirements under Section 303A.02 of the NYSE corporate governance standards. On an annual basis, the Board of Directors reviews and determines the independence of each director for both Canadian and U.S. purposes.

The NYSE requires the Corporation, as a “foreign private issuer” that is not required to comply with all of the NYSE’s corporate governance standards applicable to U.S. domestic issuers, to disclose any significant ways in which its corporate governance practices differ from those followed by NYSE listed U.S. domestic issuers. Except for one practice relating to internal audit function, the differences between the Corporation’s practices and those required by the NYSE rules applicable to U.S. domestic issuers are not significant. The statement of differences can be found on the Corporation’s website at osiskogr.com/en/governance-2/osisko-practices-and-nyse-rules/.

Non-Independent Executive Chair of the Board

The Executive Chair of the Board takes all reasonable measures to ensure the Board fulfills its oversight responsibilities. The Executive Chair is responsible for the management, the development and the effective performance of the Board, and provides leadership to the Board for all aspects of the Board’s work.

Independent Lead Director of the Board

The Board of Directors is led by a non-executive and independent Lead Director, which contributes to the Board’s ability to function independently of Management of the Corporation. Ms. Joanne Ferstman was appointed to act as the Lead Director and serve on the Board of Directors of the Corporation in April 2014.

In addition to the responsibilities applicable to all directors of the Corporation, the responsibilities of the Lead Director of the Board include the following: (a) providing leadership to ensure that the Board functions independently of Management of the Corporation and other non-independent directors; (b) providing leadership to foster the effectiveness of the Board; (c) working with the Executive Chair to ensure that the appropriate committee structure is in place and assisting the Corporate Governance and Nomination Committee in making recommendations for appointment to such committees; (d) recommending to the Executive Chair items for consideration on the agenda for each meeting of the Board; (e) commenting to the Executive Chair on the quality,

Policy regarding the diversity of the Board of Directors

The Corporation is committed to diversity among its Board of Directors. On March 30, 2016, the Board adopted a policy regarding the diversity of the Board of Directors (the "**Diversity Policy**") relating to candidate selection based on experience and expertise to achieve effective stewardship and management. In November 2021, the Board of Directors amended its Diversity Policy to establish a new timeline to reach the 40% representation of women of the directors of the Board by June 30, 2024.

In an increasingly complex global marketplace, the ability to draw on a wide range of viewpoints, backgrounds, skills, and experience is critical to the Corporation's success. By bringing together people from diverse backgrounds and giving each person the opportunity to contribute their skills, experience and perspectives in an inclusive workplace, the Corporation believes that it is better able to develop solutions to challenges and deliver sustainable value for the Corporation and its stakeholders. The Corporation considers diversity to be an important attribute of a well-functioning Board, which will assist the Corporation to achieve its long-term goals.

The Corporation recognizes that gender diversity is a significant aspect of diversity and also acknowledges the important role that women with appropriate and relevant skills and experience can play in contributing to the diversity of perspective on the Board. Furthermore, the Corporation believes that promotion of diversity is best served through careful consideration of all of the knowledge, experience, skills and backgrounds of each individual candidate for director in light of the needs of the Board without focusing on a single diversity characteristic and, accordingly has not adopted specific Board diversity goals other than the gender representation target.

To ensure sound corporate governance, the Governance and Nomination Committee is guided by the following principles in recommending candidates to the Board of Directors:

- i) ensuring that the Board of Directors of the Corporation is composed of directors who possess extensive knowledge, skills and competencies, diverse points of view, and relevant expertise, enabling them to make an active, informed and positive contribution to the management of the Corporation, the conduct of its business and the orientation of its development;
- ii) seeking a balance in terms of the knowledge and competencies of directors to ensure that the Board of Directors can fulfil its role in all respects; and
- iii) To the extent practicable, seeking directors who represent gender diversity, members of the designated groups (as defined in the *Employment Equity Act*), ages, cultural communities, geographic areas and other characteristics of the communities in which the Corporation conducts its business.

In order to achieve its target of 40% of women representation on the Board of Directors by June 30, 2024, the Governance and Nomination Committee shall:

- maintain a short list of potential candidates for election to the Board of Directors which list shall include a majority of women candidates; this list shall take into account that qualified candidates may be found in a broad array of organizations;
- periodically assess the effectiveness of the nomination process at achieving the Corporation's diversity objectives outlined in this Policy; and
- in order to support the specific objective of gender diversity, consider the level of representation of women on the Board and ensure that women were included in the short list of candidates being considered for a Board position.

As of the date hereof, Ms. Joanne Ferstman and Ms. Candace MacGibbon represent 22% of the nine (9) directors. Upon election of the nominee directors at the Meeting, there will be three (3) women on the Board of Directors or representing 33% of all Directors.

Further, the President and Chief Executive Officer of the Corporation is a member of the "30% Club". The "30% Club" promotes gender balance on boards to encourage better leadership and governance. In addition, the "30% Club" also aims to develop a diverse pool of talent for all businesses through the efforts of its members who are committed to better gender balance at all levels of their organizations.

At this time, the Corporation has one (1) director nominee identified as a member of a visible minority. Upon election of the nominee directors, 44% of the Board will be represented by women and a member of a visible minority group.

In making its decision to select a director nominee, the Governance and Nomination Committee considers the selection criteria approved by the Board, as well as its analysis of the Board's needs based on the above criteria. These selection criteria are reviewed periodically. The Corporation will continue to measure its Diversity Policy's efficiency to ensure to meet or exceed the target.

The Diversity Policy is reviewed annually by the Governance and Nomination Committee to ensure it is effective in achieving its objectives. Any changes to the Diversity Policy as well as additional diversity achievements will be reported annually in the Corporation's Circular. A copy of the Diversity Policy is available on the Corporation's website at www.osiskogr.com.

Policy regarding the diversity in corporate talent

The Corporation is committed to diversity among its Management team. On November 9, 2016, the Board adopted a policy regarding the diversity in corporate talent (the "**Management Diversity Policy**") relating to candidate selection based on merit in order to select the best person to fulfill each position within the organization. At the same time, the Corporation recognizes that diversity is important to ensure that the profiles of its team provide the necessary range of perspectives, experience and expertise required to achieve corporate objectives.

In an increasingly complex global marketplace, the ability to draw on a wide range of viewpoints, backgrounds, skills, and experience is critical to the Corporation's success. By bringing together people from diverse backgrounds and giving each person the opportunity to contribute their skills, experience and perspectives in an inclusive workplace, the Corporation believes that it is better able to develop solutions to challenges and deliver sustainable value for the Corporation and its stakeholders. The Corporation considers diversity to be an important attribute of a well-functioning company, which will assist the Corporation to achieve its long-term goals.

The Corporation recognizes that gender diversity is a significant aspect of diversity and acknowledges the important role that women with appropriate and relevant skills and experience can play in contributing to the diversity of perspective on the Corporation.

The purpose of the Management Diversity Policy is to communicate the importance the Corporation places on the diversity within its organization.

The Corporation believes that diversity enriches discussion and performance of the team in the pursuit of its short and long-term corporate objectives. As part of its strategy to recruit and maintain a diversified organization, it will:

- promote diversity within its team, with particular emphasis on gender diversity;
- promote the contribution of women to the success of the organization;
- assist in the development of women within the organization through training, inside sponsorship and outside mentoring;
- ensure that for every open position within the organization, at least one female be considered as a potential candidate;
- actively participate in internal and external initiatives to promote diversity in its industry with specific focus on gender diversity;
- encourage an awareness in all staff of their rights and responsibilities with regard to fairness, equity and respect for all aspects of diversity; and
- provide work environment that accommodates family and work life balance, while maintaining a high achievement culture.

The Corporation aims to have 25% of officer positions held by women.

The executive team will report annually to the Governance and Nomination Committee on its diversity program, including:

- i. gender distribution of employees;
- ii. corporate participation on initiatives (internal and external) to promote gender diversity; and
- iii. current trends in diversity programs.

The Corporation will also report externally on its performance in the application of diversity programs.

The Management Diversity Policy will be reviewed annually by the Governance and Nomination Committee to ensure it is effective in achieving its objectives. Any changes to the Management Diversity Policy as well as additional diversity achievements will be reported annually in the Corporation's Circular. A copy of the Management Diversity Policy is available on the Corporation's website at www.osiskogr.com.

As of March 22, 2021, one woman was an executive officer of the Corporation, which represents 16.6% of the executive Management team.

Employee Diversity

The Board and Management believe that diversity and inclusion efforts contribute to a culture of performance and enhance decision making at all levels of the organization.

Accordingly, the Corporation evaluates its approach on an ongoing basis to ensure it is responsive to evolving best practices in diversity and inclusion. In its recruiting and staffing efforts, the Corporation seeks out diversity of gender, background, experience and perspective in order to foster diversity of thought and to build diverse teams.

Among the Corporation, 58% of team members and 57% of managers are women and 19% of all employees represent visible minorities.

Although the Corporation has not adopted a formal target regarding employee diversity, the Corporation monitors the diversity of its workforce on an ongoing basis and when the time comes to select a candidate for a new position or as a replacement, the Corporation considers the benefit of diversity in its selection criteria.

Board's Skills Matrix

The Governance and Nomination Committee, together with the Board Executive Chair, is responsible for determining the needs of the Board in the long-term and identifying new candidates to stand as nominees for election or appointment as directors.

The Board ensures that the skill set developed by directors, through their business expertise and experience, meets the needs of the Board.

The Governance and Nomination Committee reviews annually the credentials of the members of the Board. The following table exemplifies the current skills that each nominee possesses:

Other Directorships

As part of its business model and in connection with its strategic investments made in other companies, either by acquiring equity interests, purchasing royalties, royalty options or otherwise, the Corporation generally expects from its directors and officers to be actively involved within such associate companies, which may include becoming a member of the board of directors of such associate companies. The Corporation acknowledges that a director or an officer serving on too many public boards of directors might be “overboarded”. Consequently, all directors and officers of the Corporation must submit to the Governance and Nomination Committee any offer to join an outside board of directors in order to ensure that any additional directorship would not impair the ability to adequately fulfill the responsibilities assigned to the directors and officers of the Corporation.

As a general guideline, the Governance and Nomination Committee of the Corporation will consider that a director or officer of the Corporation should be regarded as “overboarded” if that person:

- (a) has attended fewer than 75% of the Corporation's Board and Committee meetings held within the past year without a valid reason for the absences;
- and

- (b)
- (i) if that person is President and Chief Executive Officer of a company, that person sits on more than two (2) outside public company board, in addition to the Corporation; or
 - (ii) if that person is not President and Chief Executive Officer of a company, that person sits on more than five (5) public company boards, in addition to the Corporation.

In determining what is an “outside public company board”, the Governance and Nomination Committee specifically excludes associate companies for the reason that becoming a director of such companies is crucial in order to oversee and supervise the Corporation’s investment in such associate companies. This representation allows the Corporation to protect its Shareholders’ interests. In addition to being the Executive Chair of the Corporation, Mr. Sean Roosen is also Chair of the board and Chief Executive Officer of Osisko Development, Director of Osisko Mining and Chair and Chief Executive Officer of Osisko Green Acquisition Limited. Mr. Roosen played a major role in the foundation or launch of these companies associated with the Corporation and because of his in-depth knowledge of the industry and the business of these companies, he can diligently comply with the board commitments as part of his regular duties.

The table below sets forth the name of each nominee director of the Corporation who is currently a director of another organization that is a reporting issuer, as also described under the section entitled “**Election of Directors**” in this Circular:

NOTE:

(1) Ms. Ferstman will not be standing for re-election for the Osisko Development board of directors, which term is expected to terminate in April 2022.

Interlocking Directorships

As of the date of the Circular, there are no interlocks of the independent director nominees serving on the compensation or equivalent committee or board of directors of another reporting issuer which has any executive officer or director serving on the HR Committee or Board of Directors of the Corporation. However, there are a number of interlocking relationships, namely: Ms. Joanne Ferstman, Messrs. Roosen and Page whom serve on the board of directors of Osisko Development. Ms. Ferstman will not stand for re-election for the Osisko Development board of directors, which term is expected to terminate in April 2022. The Board and the Governance and Nomination Committee assessed the interlock and determined that there was no conflict or other concerns for the Corporation over the independence of these directors since Osisko Development is a subsidiary and is not a competitor of the Corporation.

Independent Directors Meetings

The independent directors do not hold regularly scheduled meetings at which non-independent directors and members of Management are not in attendance. However, where deemed necessary by the independent directors, the independent directors do hold *in-camera* sessions exclusive of non-independent directors and members of Management, which process facilitates open and candid discussion amongst the independent directors. A private session is included in every agenda of every board and committee meeting.

Related Party Transactions

As part of our year-end procedures, management distributes a detailed questionnaire to each member of the Board and the officers of the Corporation in order to inquire as to their knowledge of any related party transaction. Accordingly, the Corporation's internal audit procedures include: (i) distributing a detailed questionnaire to all directors and officers of the Corporation; (ii) identification and coding of related party transactions; (iii) reviewing the Corporation's current related parties and associated transactions (as applicable); (iv) disclosures from Board members and officers regarding their ownership of other entities; (v) participation on additional Boards and previous employment history; (vi) analyzing the results received; and (vii) the Corporation has established guidelines to assist its accounting personnel to determine whether a supplier qualifies as a related party.

In addition, the Corporation has investments in associates over which the Corporation has significant influence. Accordingly, when assessing whether the Corporation exercises significant influence or not over such associates, Management evaluates a number of key factors, namely:

- Equity interest held by the Corporation;
- Officer or director role occupied by an officer and/or director of the Corporation;
- Importance of roles such as Chief Executive Officer or Chair of the Board of Directors; and
- Material/significant transactions with the associate.

A report on related party transactions disclosed annually by directors and officers is provided to the Audit and Risk Committee for review and consideration.

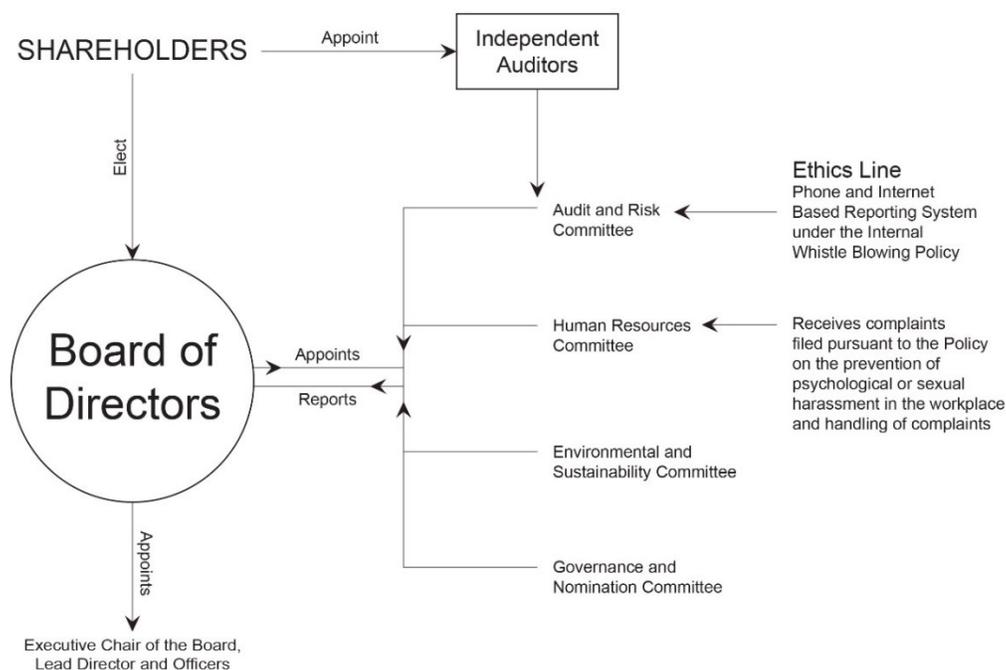

Record of Attendance

During the 2021 financial year, the Board of Directors held 10 meetings, the Audit and Risk Committee held 4 meetings, the HR Committee held 5 meetings, the Governance and Nomination Committee held 4 meetings and the Environmental and Sustainability Committee 3 meetings. Overall the combined director attendance at meetings of the Board and its standing Committees was 99%. A record of attendance of each director at Board and Committee meetings held for the financial year ended on December 31, 2021 is set out under heading "**2021 Board and Committee Attendance Record**" of this Circular.

Ethical Business Conduct

The Board has adopted a Code of Ethics (the “**Code of Ethics**”) applicable to all of its directors, officers and employees.

The Code of Ethics communicates to directors, officers and employees’ standards for business conduct in the use of Osisko time, resources and assets, and identifies and clarifies proper conduct in areas of potential conflict of interest. Each director, officer and employee is provided with a copy of the Code of Ethics and is asked to sign an acknowledgement that the standards and principles of the Code of Ethics will be maintained at all times on Osisko business. The Code of Ethics is designed to deter wrongdoing and promote: (a) honest and ethical conduct; (b) compliance with laws, rules and regulations; (c) prompt internal reporting of Code of Ethics violations; and (d) accountability for adherence to the Code of Ethics. Violations from standards established in the Code of Ethics, and specifically under internal accounting controls, are reported to the Vice President, Finance and Chief Financial Officer or to the Vice President, Legal Affairs and Corporate Secretary and can be reported anonymously. The Vice President, Finance, Chief Financial Officer and the Vice President, Legal Affairs and Corporate Secretary will report to the Audit and Risk Committee who will report to the Board any reported violations at least quarterly, or more frequently depending on the specifics of the reported violation.

The Executive Chair of the Board and the President and Chief Executive Officer and the Governance and Nomination Committee are responsible for promoting a corporate culture, which supports the highest of ethical standards, encourages personal integrity and assumes social responsibility.

The Corporation will adopt, from time to time, policies and guidelines relating to ethics that apply to all directors, officers and employees of the Corporation. The Corporation’s Code of Ethics will be reviewed on an annual basis as well as adherence thereto.

The Code of Ethics is distributed to and signed by each of the Corporation’s employees when they are hired. Directors, officers and designated employees are required, on an annual basis, to declare their commitment to abide by the Corporation’s Code of Ethics. Management of the Corporation reports annually to the Governance and Nomination Committee all non-compliance statements so disclosed by directors, officers and designated employees.

The Corporation’s Code of Ethics provides that directors, officers and employees must avoid conflicts of interest, both real and perceived. In practice, should a director have a material interest or be otherwise in conflict of interest as regards a transaction or agreement considered by the Board, he must disclose his conflict of interest and withdraw from any discussions, assessment or decision related to the particular transaction or agreement.

In the event any transactions or agreements are contemplated in respect of which a director or Executive Officer has a material interest, the matter must be initially reviewed by the Audit and Risk Committee and is then submitted to the Board of Directors. The Board may implement any measures that it finds necessary in order to ensure the exercise of independent judgment. In the event a director has a material interest in any transaction or agreement, such director will abstain from voting in that regard.

In addition, the Board has established under the Corporation's Internal Whistle Blowing Policy, a process for the receipt and treatment of all complaints concerning accounting, internal accounting controls, auditing or related matters submitted by any employee, including procedures for the confidential anonymous submissions by employees of concerns regarding said matters. To help in this process, the Corporation established an Ethics Line, which is a phone and Internet-based reporting system (1-844-687-8700 or ethics@osiskogr.com). All communications are forwarded directly to the Chair of the Audit and Risk Committee and to the Vice President, Legal Affairs and Corporate Secretary.

There has been no “questionable event” (as defined in the Whistle Blowing Policy) communicated in 2021 through the ethics line or otherwise, to report any conduct of a director or Executive Officer that would constitute a departure from the Code of Ethics.

The policy on the prevention of psychological or sexual harassment in the workplace and the handling of complaints (the “**Harassment Policy**”) is in effect since 2019. The Corporation does not tolerate nor accept any form of psychological or sexual harassment. The Harassment Policy is intended to prevent and put an end to any situation of psychological or sexual harassment in its business, including any form of discriminatory harassment. The Harassment Policy also provides for intervention measures applicable to harassment complaints filed or situations of harassment reported to the Corporation. All communications are forwarded directly to the Executive Chair of the HR Committee, the Vice President, Legal Affairs and Corporate Secretary and the Manager, Tax.

Through the above-noted methods, the Board encourages and promotes a culture of ethical business conduct. In addition, the directors, officers and employees of the Corporation are expected to act and to hold their office within the best interests of the Corporation. The Corporation expects that all directors shall act in compliance of all laws and regulations applicable to their office as director of the Corporation.

There has been no psychological or sexual harassment communicated in 2021 to the responsible persons designated by the Corporation.

Environmental, Social and Governance Matters

The Corporation enhanced its environmental, social and governance (“**ESG**”) efforts by forming the Environmental and Sustainability Committee. This committee is exclusively focused on ESG related topics, including but not limited to, reviewing the Corporation's investment due diligence process as it relates to ESG matters, considering corporate environmental policies and broader stakeholder relations, and providing oversight for communication of sustainability matters. In March 2021, the Corporation joined the United Nations Global Impact to formally commit to its Ten Principles that cover human rights, labour, environment and anti-corruption.

Although the Corporation is not actively involved in the exploration, development or operation of mining projects on which it owns a stream or a royalty, the Corporation's strategy to mitigate ESG risks consists of evaluating the risk factors related to a mining asset before making an investment and by closely monitoring an asset's performance post transaction. The Corporation is committed to promoting sustainable development through its investments and applies strict responsibility guidelines across all of its business decisions. The Environmental and Sustainability Committee has worked closely with Management on delivering its inaugural ESG report entitled “Growing Responsibly” in April 2021. The Corporation's goal, with the release of its first ESG report, is to facilitate ongoing discussions of its risk management processes and help stakeholders assess its relative exposure to, and performance managing, ESG issues. In addition to a discussion of corporate governance practices, the report provides a focused review of how Osisko assesses potential investments through its diligence process and monitors existing assets to ensure the Corporation is well positioned to deliver growth responsibly.

As part of the Corporation's ongoing efforts to increase disclosures and transparency, and help make the Corporation's strategy on ESG matters more widely known and understood, the Corporation will be delivering its second ESG report in April 2022. Additional information on the Corporation's evolving governance practices can be found on the Corporation's website at <https://osiskogr.com/en/evolving-governance-practices/>.

Other Governance Matters

The Corporation complies with all Québec and applicable labour legislation, and recognizes the freedom of the right of association.

In addition, the Corporation does not tolerate nor accept any form of discrimination within the company and any conduct, which constitutes discrimination shall result in the imposition of disciplinary measures, including dismissal.

Since inception, the Corporation has not suffered any workplace fatalities.

Shareholder's Outreach Program

The Board of Directors and the Governance and Nomination Committee have adopted a Shareholder outreach program (the "**Outreach Program**") as it believes that constructive engagement with the Corporation's shareholders is important for good corporate governance and transparency.

As part of the Outreach Program, the Board welcomes shareholder inquiries and comments relating to: (i) corporate governance practices and disclosure; (ii) corporate responsibility and environmental, social and governance matters; (iii) executive performance, compensation and succession planning; and (iv) Board and Committee composition and succession planning.

Matters not directly related to the foregoing are more appropriately addressed by management through the Corporation's Investor Relations team. All shareholder inquiries and comments relating to the Corporation's business, investments, financial results, strategic direction and similar matters should be directed to the Corporation's Investor Relations team.

The Board, under the Outreach Program and through the Governance and Nomination Committee, establishes annually a program to engage directly with key shareholders to discuss Board Matters. This program allows the Lead Director and the Chair of the Governance and Nomination Committee, together with the Chair of any other relevant committee of the Board, if necessary, to exchange views regularly with shareholders on relevant governance topics and trends, receive feedback on the performance of the Corporation and the Board with respect to Board matters and discuss potential areas of improvement, if any. In April and May 2021, the President and Chief Executive Officer, the Chair and the former Chair of the Governance and Nomination Committee met with five (5) significant shareholders of the Corporation, in order to discuss certain governance matters. Various subjects were discussed during these meetings, including governance matters, ESG and overall strategic direction.

APPROVAL OF AMENDMENTS TO THE DEFERRED SHARE UNIT PLAN AND APPROVAL OF THE UNALLOCATED RIGHTS AND ENTITLEMENTS UNDER THE PLAN

The Shareholders of the Corporation originally approved the Corporation's DSU Plan and unallocated rights and entitlements under the plan in May 2019. The TSX rules provide that unallocated rights or other entitlements under

a security based compensation arrangement, which does not have a fixed number of maximum securities issuable, must be approved every three years.

The DSU Plan provides for a maximum number of Common Shares, which shall not exceed 0.5% of the issued and outstanding Common Shares of the Corporation at all times.

Pursuant to a review of all current and proposed equity based plans, the Board of Directors approved on April 1st, 2022 amendments to the DSU Plan which consist of limiting the annual grant date value of \$150,000 to each eligible director across all equity-based compensation plans of the Corporation in aggregate; this limit excludes the one-time initial grant of DSUs and any amount of director remuneration that an eligible director has elected to receive in the form of DSUs in lieu of cash on a value for value exchange. Furthermore, the amending clause of the DSU Plan has also been amended to provide that any change to eligible director's participation limit may only be amended with the approval of the TSX and the Shareholders.

A copy of the DSU Plan, including the proposed changes described herein, is available on the Corporation's website at www.osiskogr.com/en/governance-2/.

The amendments to the DSU Plan are also subject to approval by the TSX. If approved by Shareholders and the TSX, the DSU Plan as amended will supersede and replace the current DSU Plan. Accordingly, at the Meeting, in accordance with the TSX rules, Shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, an ordinary resolution, in the form set forth below, subject to such amendments, variations or additions as may be approved at the Meeting.

The TSX requires that the resolution adopting the amended DSU Plan be approved by a majority of the votes cast, by proxy or in person. In addition to Shareholders' approval, the amended DSU Plan is subject to regulatory approval. Upon ratification by Shareholders, a copy of the amended DSU Plan will be filed on SEDAR.

“BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. The Corporation be and it is hereby authorized to amend its DSU Plan to limit the annual grant date value of \$150,000 to each eligible director across all equity-based compensation plans of the Corporation in aggregate, and the DSU Plan as amended is hereby approved, confirmed and ratified;
2. All unallocated rights or other entitlements under the amended DSU Plan be and are hereby approved;
3. The Corporation shall have the ability to continue granting DSUs under the DSU Plan until May 12, 2025, which date is the date that is three (3) years from the date of the Shareholder meeting at which Shareholder approval is being sought; and

Accordingly, the Board of Directors and Management are recommending that the Shareholders VOTE FOR the approval of the said resolution that requires an affirmative vote of the majority of the votes cast at the Meeting in order to be adopted. Unless contrary instructions are indicated on the proxy form or the voting instruction card, the persons designated in the accompanying form of proxy or voting instructions card intend to VOTE FOR the approval of the resolution.
